

## Strike Turmoil, Student Riots Plague France

PARIS (AP) — A Communist union militant was killed today in a clash with riot police in a provincial city as student and striker turmoil threatened to plunge France into a new major crisis.

In Paris, Latin Quarter university students rioted and built barricades and appealed to the trade unions and people of Paris to join them in a mass demonstration tonight against President Charles de Gaulle's government.

Several thousand Citroen auto plant workers streamed toward the Labor Ministry shouting for "freedom to work" after having been turned back from their plant by strike pickets.

### Auto Plant Riot

The prefect (governor) of the Sochaux region, Bernard Vaugon, told a news conference that the union member, identified only as Beylot, 24, was fatally wounded by a bullet in his chest. The prefect did not say who fired the shot. The bullet was being examined to attempt to determine its origin.

Sharp fighting between riot police and strikers broke out at the Peugeot auto plant at Sochaux after workers had voted narrowly, 2,664-2,615, Monday for a return to work.

The worst fighting occurred when strikers overwhelmed a riot police car, took guns from the car and set it afire. Several shots rang out.

Authorities said that, besides the dead man, 11 strikers and two riot police were injured.

### Fourth Crisis Death

The metal workers branch of the Communist-run General France's strongest union — issued a statement charging Beylot was a "victim of aggression of the police placed in the services of the bosses by the government, against the metal workers fighting for their demands."

The Peugeot plant strikers are among several hundred thousand holdouts demanding higher wages and other benefits.

The death was the fourth attributed directly or indirectly to the student and strike crisis which began a month ago.

The first was a Lyon police commissioner, Rene Lacroix, who was crushed by a stone-loaded truck pushed by student demonstrators.

### Student Drowned

A real estate worker, Philippe Matternon, 26, was found stabbed to death May 26 after a Paris Latin Quarter riot. Gilles Tautin, 17-year-old high school student drowned Monday in the Seine River at Meulan, near Paris. Tautin was with a group of students who were attempting to flee oncoming gendarmes.

The student rioting early today in Paris was touched off by Tautin's death, which the students blamed on the gendarmes.

"We are not looking for a fight," Jacques Sauvageot, chief of the National Students' Union, told a news conference, "but if it is forced on us, we accept."

## U.P. Man Faces Patricide Count

HOUGHTON (AP) — A 23-year old unemployed youth, previously convicted of lying about his father's death, was charged today with his murder.

Daniel Newman, 23, of Dollar Bay, was arraigned today before Justice of the Peace Reuben Rowe of Calumet in connection with the death of his father, William, 55, of Dollar Bay.

## Romney Signs Housing Law

LANSING (AP) — Gov. George Romney today signed the state's new fair housing bill into law, terming the signing "one of the truly significant moments in the social development of our state."

Witnessing the signing by the governor were ranking members of the House and Senate who pushed for passage of the law and representatives of the State Civil Rights Commission. Romney said enactment of the law is "a major step toward erasing the blight of racial discrimination and racial prejudice which has distorted our society and left some of our citizens locked into frustration, sorrow and rage in the wake of the American dream."

BABY DOCTOR Benjamin Spock grins as he arrives at U.S. District Court in Boston with his wife Monday where he took the stand in his own defense. The 65-year-old physician is on trial with four others on charges of conspiring to counsel young men to avoid the draft. (AP Wirephoto)

## Spock Says War Is Totally Illegal

BOSTON (AP) — The war in Vietnam "has no shred of legality and will blacken the reputations of my country for decades and centuries to come," says Dr. Benjamin Spock.

The pediatrician called U.S. involvement in the war "outrageous and abominable" as he testified Monday in defense against federal charges that he and four other men conspired to violate draft laws.

He said American forces have killed "hundreds of thousands" of civilians while fighting in Vietnam and that thousands of U.S. troops have been killed needlessly.

"What's the use of a physician like myself in helping to bring up children to be killed in a cause which is ignoble?" he said about American war dead.

He told the all-male jury that America is participating in a war which is "totally illegal, immoral, unwinnable and detrimental to the best interests of the United States."

Spock said he believed the United States violated the Geneva

## Car-Train Crash Kills Teenagers

FLINT (AP) — Two Davison teenagers were killed Monday when their car and a Grand Trunk Western freight train collided at a crossing in suburban Davison Township.

Victims were Michael King, 16, and David Metzger, 16. Scene of the tragedy was on Irish Road just east of Flint. Authorities said King was driving.

## U.P. Man Faces Patricide Count

Justice Rowe ordered Newman to return to jail without bail and set his examination for Monday.

Police took Newman into custody Monday but declined to discuss the case prior to its presentation in court today.

Newman originally told police his father fell from a dock piling into Portage Lake on Oct. 3, 1966 while they were taking pictures. A search for the body netted nothing.

In April 1967 a skeleton was found in the Dollar Bay dump and was identified as that of the senior Newman. His son was tried on a perjury charge and was placed on two years probation after his conviction.

Police said only that Newman's arrest came after an exhaustive examination of records and evidence in the case.

## Supreme Court Okays 'Stop And Frisk'

WASHINGTON (AP) — The Supreme Court, accused for years of handcuffing the police, has bowed to the judgment of the cop on the beat.

As a practical matter, said eight of the nine justices Monday, he can't be expected to run off to a judge for a warrant every time his practiced eye picks out suspicious behavior.

Moreover, the eight agreed, it is only reasonable that he pat-

va accords of 1954 which were drawn up to partition Indochina into North and South Vietnam after the forces of Ho Chi Minh defeated the French.

The accords called for elections in 1956. Instead, Spock charged the United States introduced "a puppet leader named Diem" to the South Vietnamese government and supplied him with money and guns.

On trial with the 65-year-old Spock are Yale Chaplain William Sloane Coffin Jr., 43; Mitchell Goodman, 44, a writer and teacher from Temple, Maine; Marcus Raskin, 34, a Washington research director; and Michael Ferber, 23, a Harvard graduate student.

If convicted, they face maximum penalties of five years in prison and \$10,000 fines.

The trial is in its fourth week.

## Dr. Blaiberg Back In Hospital; Not Critical

CAPE TOWN, South Africa (AP) — Dr. Philip Blaiberg, the world's longest surviving heart transplant patient, received emergency treatment for liver complications today, Groote Schuur Hospital announced.

In London, Dr. Christian N. Barnard, who headed the surgical team that gave Blaiberg a new heart Jan. 2, said Blaiberg has hepatitis and his condition is "not critical."

Barnard, on his way to Cape Town after visiting the Netherlands, said he talked by telephone with doctors at Groote Schuur Hospital who gave him a report on Blaiberg's condition. Hepatitis is an inflammation of the liver.

"His condition is not critical," Barnard told newsmen. "But I am disappointed that this happened. I have not given up hope."

Blaiberg, 59, returned to the hospital for routine tests June 4, five months and two days after he received the world's third transplanted human heart. He was transferred Monday to the special sterilized suite he had occupied after the operation.

Meanwhile Britain's heart transplant patient, Frederick West, 45, was suffering from a chest infection that developed three days ago. But the National Heart Hospital in London said he improved slightly Monday night and the improvement was maintained today. West was operated on May 3.

Blaiberg received his new heart in the Groote Schuur team's second transplant. The first was performed on Louis Washkansky Dec. 3 but he died 18 days later of pneumonia.

## Supreme Court Okays 'Stop And Frisk'

down the suspect or suspects if he fears his questions may be answered with a bullet or a knife-sweep.

"Such a search is a reasonable search under the Fourth Amendment," the justices concluded, "and any weapons seized may properly be introduced in evidence against the person from whom they were taken."

Chief Justice Earl Warren assigned himself the job of an-

## Cong Bombard Saigon Today; Civilians Killed

SAIGON (AP) — The Viet Cong switched to daytime bombardment of Saigon today, slamming some 30 big rockets into the heart of the city during the morning rush hour. The barrage killed at least 19 Vietnamese civilians and wounded 106.

It was the heaviest casualty toll—and the first major daytime bombardment — since the Viet Cong began almost daily shelling of the capital 38 days ago. The barrages have killed at least 128 persons and wounded 519.

The six-foot 122mm rockets exploded in the vicinity of major government buildings but did little damage to most of them. However, one landed on the roof of the government communications headquarters and knocked out most telecommunications abroad, including lines leased by a number of American firms.

The barrage began about 6:15 a.m., and a little more than five hours before Gen. William C. Westmoreland relinquished his command of U.S. troops in Vietnam and left for Manila, Honolulu and Washington.

Westmoreland told a farewell news conference Monday it was almost impossible "to stop the indiscriminate firing of a few mortar rounds, a few rocket rounds in consideration of the wide open and very chopped up and difficult country around Saigon."

He conceded that "civilians are getting killed and some houses are being damaged," but he added, as he has said before: "it's of really no military consequence. It does make headlines, I must say."

Some observers disagreed. The shelling is spreading fear among the population and undermining confidence in the South Vietnamese government, they said.

The rockets were fired from a rice paddy area about six miles due east of the center of the capital. Counter artillery fire was directed at the area, and just after the barrage troops of the U.S. 11th Armored Cavalry Regiment swept the area.

## Dr. Blaiberg Back In Hospital; Not Critical

Since the historic first transplant operation on Washkansky, 20 other heart transplants have been performed around the world. Six of the recipients are still alive.

## 7 From State Killed In War

WASHINGTON (AP) — Seven Michigan men were among 103 U. S. servicemen reported killed in the Vietnam War by the Defense Department Monday.

They were: Army Sgt. Robert Westlake, son of Mr. and Mrs. Chester Westlake of Holland; Army Cpl. Allan Ott, son of Mr. and Mrs. Adolph Ott of Au Gres; Army Pfc. John Ulbrich, son of Mr. and Mrs. Milton Ulbrich of Rochester; Marine Lance Cpl. Rodney Bernard, son of Mrs. Lola Winconeh, of Pontiac; Marine Pfc. Victor Canales, son of Mr. and Mrs. Candelario Canales of Fennville; Marine Pfc. Thomas Kemp, son of Mr. and Mrs. Donald Kemp of Rockford and Marine Pvt. John Harrington, son of Mr. and Mrs. Charles Harrington of Traverse City.

### \$177 Million Suit

CHEYENNE, Wyo. (AP) — A Casper inventor, Kenard D. Brown, has filed in U.S. District Court a \$177 million damage suit against E.I. DuPont De Nemours and Co. and Bethlehem Steel Co. in connection with several oil well equipment inventions.

## Supreme Court Okays 'Stop And Frisk'

the cop has the right to frisk the suspect, he footnoted his opinion with FBI statistics of police officers killed and wounded in the line of duty: 335 killed from 1960 through 1966; 23,851 assaults on police officers in 1966 alone.

The constitutional basis for the court's endorsement of police stop-and-frisk powers is that the Fourth Amendment prohibits not all searches and sei-

# Rockefeller Launches Drive To Catch Nixon

A POLICE VAN leaves Bow Street court building in London Monday after the hearing of James Earl Ray on charges of possession of a forged passport and a loaded gun. (AP Wirephoto)

## U.S. Seeks Speedy Extradition Of Ray

LONDON (AP) — U.S. legal experts worked today on plans to take James Earl Ray quickly and safely back to the United States for trial while police on both sides of the Atlantic continued their investigation to learn whether Ray had help in his four-nation flight.

American authorities took the first formal step toward extradition Monday night by obtaining a provisional British warrant charging Ray with the murder of civil rights leader Dr. Martin Luther King Jr.

Some legal experts suggested the British government might speed up the process by deporting Ray as an undesirable alien. But other lawyers said there is a strong tradition against using this procedure as a substitute for extradition.

The 40-year-old escaped convict was held in Brixton Prison after his two-minute appearance Monday in Bow Street Court on charges of carrying a forged passport and a loaded gun, the charges on which he was arrested at London Airport Saturday under the name of Ramon George Sneyd.

Ray at his first court appearance Monday was assigned a British lawyer at his own request and ordered held without bail for another hearing June 18 on the passport and gun charges.

If extradition proceedings are brought, the court will require evidence of a case against Ray and he will then have 15 days to appeal to the High Court. If Ray's lawyers raised points of

### Weather

#### ESCANABA AND VICINITY

Variable cloudiness with showers and thundershowers likely today, ending early tonight and partly cloudy and cooler later tonight. High today, near 78 and low tonight, near 54. High yesterday, 67 and low overnight, 58. Wednesday, mostly sunny and cooler. Thursday outlook: fair to partly cloudy and warm. Winds southerly, 10 to 20 mph, higher in thundershowers, shifting to west to northwest early tonight. Precipitation probabilities: today, 70%; tonight, 40%; Wednesday, 10%.

Sun sets today at 8:38 p. m., rises Wednesday at 4:58 a. m.

### Today's Chuckle

Office motto: "Keep busy — it sure beats working."

law there, a further appeal might be made to the House of Lords and the process could take months.

In the two months American authorities searched for Ray following King's assassination April 4 in Memphis, Tenn., he went from the United States to Canada on April 8, to London May 6 and to Lisbon May 8. He left his Lisbon hotel on May 17 and surfaced again in London on May 28.

#### Seek His Aides

Police in those countries sought anyone who might have known or helped Ray, and authorities in Canada also tried to learn how Ray obtained information on the three Toronto men whose names he used as aliases.

All three men have dark hair and are about the same height and weight as Ray.

Ramon George Sneyd, whose name Ray used on his passport, is a Toronto constable. Paul Bridgman, whose name Ray used at one Toronto rooming house, is a consultant teacher with the Toronto board of education.

Ray first was sought under the name Eric Starvo Galt. Eric St. Vincent Galt, a Toronto

## Dodd Introduces Tough Gun Bills

WASHINGTON (AP) — Congress, which has just passed a gun-control bill labeled by President Johnson as too weak, is now considering two tougher measures.

Sen. Thomas J. Dodd, D-Conn., a principal proponent of gun-control, sponsored the bills Monday. They would require federal registration of all firearms and outlaw mail-order sales of rifles and shotguns.

Congress sent to the President last week a measure which would ban mail-order sales of pistols. But Johnson, speaking in strong terms following the assassination of Sen. Robert F. Kennedy, said a tougher measure is needed to keep guns out of the hands of irresponsible people. He specified a need to ban sale of long guns through the mails.

As Congress continued to debate gun control, a widespread movement appeared to be developing in which people are

warehouse foreman, has a signature which looks like Eric Starvo Galt. He uses the middle initials St. V., but with small zeros instead of periods.

Galt and Ray have similar scars, in the middle of the forehead and on the palm of the right hand.

"I don't know what to think," Galt said. "It's a bit more than coincidence. The weight is right, the height range is right and the identification marks are there."

"I've wondered where our paths might have crossed, but I just don't know."

Galt said he was in the Memphis area two years ago and that he traveled regularly to Florida for skin diving in the summer.

Ray, however, was in the Missouri state prison until he escaped in April 1967 with more than 12 years remaining of a 20-year sentence. Missouri also seeks Ray's extradition from Britain on the prison break charge. If he is returned to the United States, the Tennessee murder charge is expected to be given precedence over the Missouri charge and a federal charge that Ray conspired to violate Dr. King's civil rights.

## Dodd Introduces Tough Gun Bills

turning in their guns to local authorities.

And some stores have stopped selling guns and ammunition, with one dime store saying it wouldn't even sell toy guns any more.

There were also calls for action from local and state officials as the drive for gun controls was stepped up following the Kennedy shooting.

Dodd's federal registration bill would cover all cases except in states that have their own registration laws. Sources said the only such states are New Jersey and Hawaii.

The penalty for having an unregistered gun under the Dodd bill would be a \$2,000 fine and two years in prison.

Dodd's other measure would ban the mail-order sale of rifles. Sen. Edward M. Kennedy, D-Mass., sponsored this measure earlier this year but the Senate rejected it, going along instead only with the ban on mail-order

## America Wants New Leaders, Says Governor

WASHINGTON (AP) — Gov. Nelson A. Rockefeller stressed a theme of "new leadership for a new America" today as he launched an intensive campaign to overtake Richard M. Nixon, the apparent front-runner for the Republican presidential nomination.

In a speech prepared for a National Press Club luncheon, Rockefeller said Americans "want nothing short of a new government, a new party in power, and a new leader at the head of that party."

The New York governor said "there is around us a new national mood and a new national resolve—to find a new leadership toward a new America. The Old Politics no longer suffices."

"The men of the Old Politics do not understand change," Rockefeller said. "They do not appreciate the significance of the emerging forces. And they do not seem to care."

Sen. Robert F. Kennedy died, the governor said, "because he dared to speak out on the issues before the American people."

Rockefeller said his candidacy was based on "my deep conviction" that he could "carry forward the great unfinished mission of building a better America."

### Enough Talk

The governor charged that "The Old Politics talks about its concern for the poor, the jobless, the urban decay—but dismisses concrete plans for action as 'pie in the sky.'"

"A new leadership," Rockefeller continued, "can recapture control of events, master them rather than let them master us, restore direction, and assert meaning and purpose in all our national life. It is to offer this new leadership that I am seeking the presidency of the United States."

Rockefeller begins an intensive television and newspaper advertising campaign in an effort to sway public opinion and Republican delegates from Nixon on tonight with a nationwide television address.

The half-hour address was scheduled for 9:30 p.m. EDT on the Columbia Broadcasting System.

One aide indicated the campaign will concentrate on Rockefeller's differences with Nixon on the issues—and the governor's theme that he is a winner and Nixon is not.

On the Democratic side, Sen. Eugene J. McCarthy has scheduled a meeting with advisers, reportedly on strategy to win away Democratic National Convention delegates now favoring Vice President Hubert H. Humphrey.

McCarthy had already set a pattern of meetings with state delegates with a trip to Phoenix, Ariz., last Tuesday before Kennedy was shot and campaigning was suspended.

The Minnesota senator plans to resume formal campaigning Thursday with a speech to the New York Fellowship of Reconciliation.

### Wallace At Memphis

Former Alabama Gov. George Wallace resumes his third party presidential campaign today with a 12-day swing through Southern states, beginning with a stop at Memphis, Tenn.

It is his first campaigning since the death of his wife, Gov. Lurleen Wallace, May 7. Other political activity today includes primaries in Illinois and South Carolina and party conventions in Texas.

Illinois Democrats select 48 of their 118 national convention delegates and Republicans name 48 of their 58 delegates.

The organization Democratic slate—headed by Chicago Mayor Richard J. Daley who has not said which candidate he favors—expects to win heavily despite challenges by McCarthy backers in 13 to 24 districts. Nixon is expected to win considerable support among GOP delegates.

In Texas, Gov. John Connally is expected to get control as a favorite son of the state's 104 Democratic convention votes. Speculation has been that in a showdown Connally would back Humphrey for the nomination.

Texas Sen. John G. Tower is

## Great Lakes Commission At Sault Thursday

Attorney-General Frank J. Kelley, chairman of the Michigan delegation to the Great Lakes Commission, today outlined the program and the many water resources matters that will be considered when the Great Lakes Commission holds its semi-annual meeting at Sault Ste. Marie, starting Thursday.

Meetings of the Fisheries and Wildlife; Seaway, Navigation and Commerce and Shoreline Use and Recreation committees are to convene at 2 p. m. The Pollution Control Committee and Water Resources Committee have met and will present recommendations.

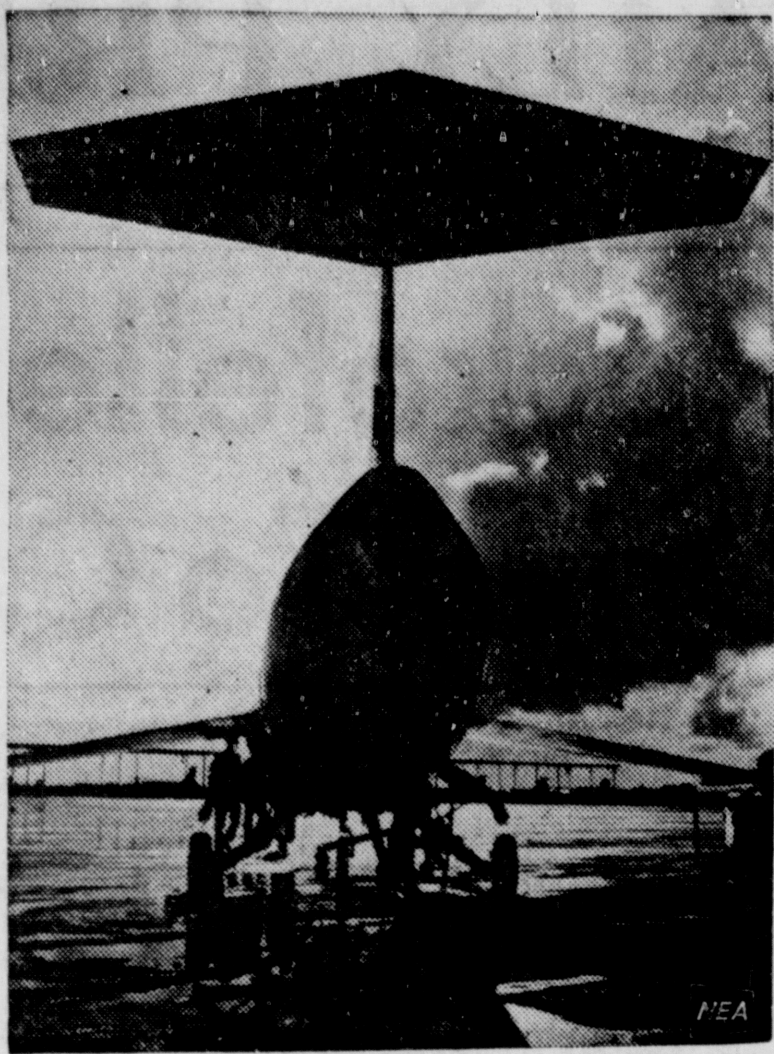

Featured speakers on Friday will be Senator Philip A. Hart and Congressman Philip E. Ruppe. Ruppe's talk at the luncheon will deal with "Multiple Uses of Great Lakes Water Resources" and Hart's banquet address is entitled "Let's Really Open Up the Seaway."

The theme of the meeting is "Managing the Great Lakes Water Resources." In a seminar presentation on Friday the Hon. Matthew E. Welsh, chairman of the U. S. Section of the International Joint Commission; Dr. A. D. Misenner, director, Great Lakes Institute of the University of Toronto; Admiral James Hirschfield, president, Lake Carriers' Association;

tion; and General Robert M. Tarbox, Corps of Engineers, will set forth plans and water resources research, Great Lakes commerce and shipping matters and the Corps of Engineers program for development of Great Lakes water resources.

Committees of the commission will present recommendations to include: disposal of dredged materials, water quality standards, wastes from watercraft, construction grants for pollution control, use of persistent pesticides, navigation works, water levels and pollution studies, water rights, public pesticides, navigation works, water levels and pollution studies, water rights, public recreational lands, administration of submerged lands, land and water conservation fund, Lake Michigan alewife problem, Anadromous Fish Act, Uniform fishing regulations, sea lamprey control program, ownership of fish and wildlife resources, pilotage regulations, inland freight rates, extension of the navigation season on the Great Lakes-St. Lawrence Seaway, the Merchant Marine Act, and other matters.

The commission's vice chairman, O. William Carpenter of Milwaukee, will be chairman. Water resources experts from the eight Great Lakes states, the federal governments of the U. S. and Canada, the Province of Ontario and Quebec will participate.

SUPERSONIC DEFENDER of North America, this F-104 Starfighter and scores of others from the Aerospace Defense Command could be off runways in minutes and heading toward an invader at more than twice the speed of sound. Armed with missiles and cannon, the F-104 is part of the arsenal made available to the North American Air Defense Command.

## Research OKs Chemical Mace

ANN ARBOR (AP) — The chemical Mace can be used as a riot control weapon with safety, a University of Michigan research team reports.

Mace temporarily incapacitates and there is "potential hazard in its misuse," the team reported, but added that it contains no toxic ingredient other than tear gas.

The study was carried out with monkeys and other animals. The team was headed by Dr. Maurice H. Seavers, chairman of the University of Michigan Medical School's Pharmacology Department.

Mace does not contain poisonous Dimethyl Sulfoxide (DMSO) and does not attack a person's nervous system, leaving him stunned, the 20-page report said. Mace contains Alpha-Chloroacetophenone (tear gas) as its active component, but its method of delivery as an aerosol-type spray does not pose the dangers inherent in traditional tear-gas delivery involving explosives and other propellant materials, the report continued.

Dr. Seavers said the formula for Mace was disclosed to him on a confidential basis, but added the manufacturer is withholding public disclosure of the formula while awaiting patent issuance.

"This is unfortunate," he added, "since it has engendered a rash of rumors, concerning possible other toxic ingredients in addition to tear gas."

'People's Lobby' Launched Backing Tight Gun Control

TOLEDO, Ohio (AP)—Mayor William Ensign launched a "people's lobby" Monday, inviting letters from anyone interested in a gun control law here.

Ensign said he has received several letters in the past week and they were running 3-1 in favor of a strict gun control law in Toledo.

City council is presently holding hearings on a proposed ordinance calling for strong control of guns. Many claim gun sales are wide open here.

In testimony at a council hearing a few days ago one witness said Toledo is known as "the gun center of the midwest."

## America Wants New Leaders, Says Governor

(Continued From Page One)

expected to hold control as a favorite son of 56 Republican votes, at least for the first ballot at the national convention.

In the South Carolina Democratic primary, incumbent Sen. Ernest Hollings is challenged by John Bolt Culbertson, a Greenville lawyer.

In other political developments:

—Two of Chicago's four newspapers have urged editorially that Sen. Edward M. Kennedy be offered the Democratic vice presidential nomination at the national convention in Chicago. The editorials were in the Chicago Daily News and the Chicago Sun-Times.

Dr. Gilbert Mason of Biloxi, Miss., has become the first Negro ever to be chosen a Mississippi delegate to the Democratic National Convention. He was one of four delegates chosen Monday night.

## Naval Reserve Vessel To Dock Here June 27-28

Escanaba will provide docking facilities June 27-28 for the USS Holidaysberg, a vessel of the Naval Reserve Fleet from Erie, Penn., and Chillicothe, Ohio.

The boat, which measures 140' x 26", will cruise the Great Lakes for two weeks, though it is not presently known whether it will dock at other nearby ports.

City manager George Harvey has assured the commanding officer of the Holidaysberg, Hugh Brimer, that Escanaba will do everything in its power to provide a pleasant stopover for the ship's crew of five officers and 48 enlisted men.

## Mrs. Beaudin's Father Buried At Paynesville

Mrs. Clifford Beaudin, 612 S. 15th St., was at Bruce Crossing today for the funeral of her father, Charles Ojala, 83, who died Saturday at the White Pine Hospital.

Mr. Ojala is survived by his widow, of Hancock, six brothers, a daughter and two stepdaughters. Born in Finland, he was a miner in the Copper Country and homesteaded land near Paynesville.

Funeral services were to be held today at 1 a.m. in the Lutheran Church at Paynesville with burial in the Paynesville Cemetery.

Mr. Beaudin could not accompany his wife as he is in the Veterans Hospital at Iron Mountain.

## Mrs. Butler Is Renamed To U.P. State Fair Board

LANSING (AP)—Gov. George Romney Monday named a long list of reappointments to several state boards and commissions.

Mrs. Ruth Butler of Houghton was renamed to the Upper Peninsula State Fair Board for the term ending May 24, 1973. Mrs. Butler, a retired teacher, was a delegate to the 1961-62 state constitutional convention.

Reappointed to the Michigan Ski Area Safety Board were Tom Joyme of Traverse City and Lanvern Trepp of Iron Mountain. Both were named for terms expiring June 8, 1972.

Joyme is executive director of the Central U. S. Ski Association. Trepp is manager of a ski resort.

## Dehlin Discusses 'Adults On Run'

"Run for your Life" has been the title of a successful television series, but it could have also tabbed the talk given to the Escanaba Kiwanis Club Monday by Dr. James Dehlin of Gladstone.

Dr. Dehlin spoke on the merits of the recent health kick that many individuals are on, namely jogging and running by many adults.

Although no definite proof has been established, Dr. Dehlin compared the results of tested groups to the washing of hands by a physician between operations, and the early ambulation of certain maternity and heart cases. Both were tried and found beneficial to the early recovery of patients.

He jokingly stated that women soon might be fortunate if they are not asked to walk from the delivery room back to the maternity ward following delivery.

### Take Care of Heart

Although we read much about heart transplants, Dehlin continued, chances are that we will never have the chance to receive one, so it is important to take care of the one that we have. Early ambulation in heart cases has shown to be a great help in the patient's recovery, and tested cases have shown that even coronary patients can benefit from aerobics, or these running tests.

Different groups have been tested, Dehlin said, and the results have shown conclusively that people who exercise regularly are more healthy.

## Nine To Attend 4-H Youth Week

Nine young men and women from Delta County left today for East Lansing to attend the 1968 State 4-H Youth Week at Michigan State University.

The group was accompanied by David van Zon, MSU Extension 4-H Youth agent, and Mrs. James LaFleur, 1724 Montana Ave., Gladstone.

The Youth Week program continues through Saturday with more than 1,000 young people from Michigan expected. Theme for the conference is "Teens Pledge — Thinking, Living, Service, Loyalty."

Speakers will include Marilyn VanDerbur, former Miss America from Denver, Colo.; Dorothy Emerson, Washington, consultant in leadership and citizenship of the National 4-H Foundation; Dr. Leroy Augenstein, professor and chairman, department of biophysics, MSU, and John Shrant, assistant prosecuting attorney for Ingham County.

Delegates from Delta County are Melinda Larson, Rte. 1, Escanaba; Cynthia LaFleur, 1724 Montana Ave., Gladstone; Kathy Madden, 1224 Minnesota Ave., Gladstone; Kristine Sjoquist, 306 S. 9th St., Gladstone; Patsy Viaw, Rte. 2, Bark River; Carolyn Kulack, Rock; David Tavis, Rock; Carol Viaw, Main St., Rapid River, and Norman Ditt-rich, Rte. 1, Bark River.

The event is sponsored by the 4-H Youth Programs division of the MSU Cooperative Extension Service.

## Rock

Emil DeBaker, a former Rock resident, had major surgery at Bucyrus, Ohio. His daughters, Mrs. Jane Pryal of Escanaba and Mrs. Dorothy VanDamme of St. Nicholas, are visiting him.

The piranha, one of the world's most dangerous fish, rarely exceeds 15 inches in length.

Dr. James Dehlin

## Liquor Control Meeting June 24

LANSING (AP) — The State Liquor Control Commission will hold a public meeting June 24 at the state office building at Escanaba. The meeting is one of two required to be held each year for the purpose of hearing complaints and receiving the views of the public on the administration of the Liquor Control Act. The public also will be invited to participate in a question and answer period.

(The public hearing on liquor control here will be at 8 p.m. CDT. It will be followed on Tuesday, June 25 by a meeting of the State Liquor Control Commission and also by a one-day school for managers of the state liquor stores in the Upper Peninsula. In other years the managers school usually filled two days.)

## Christian Unity Workshop Planned

DETROIT (AP) — The Fifth National Workshop for Christian Unity will be held in Detroit June 16-20 under the sponsorship of the Commission for Ecumenical Affairs of the Roman Catholic Archdiocese of Detroit. The general secretaries of the World and National Council of Churches, and Catholic and Protestant experts on ecumenism will be among the main speakers.

## Advisors On Deer

The Citizens Advisory Committee on Deer has completed its three years of work advising the State Conservation Commission on management of the deer herd, which means mostly on hunting policies.

Hunting is the chief management tool of the state in regulating the herd, keeping it healthy and as productive as possible under changing conditions of habitat and of hunting.

The advisory committee for Conservation District 3 was headed by Charles Sitton of Pontiac and it gave devoted volunteer service to the state in the three year period. Lower Peninsula members drove up faithfully for meetings in the district and all members paid their own expenses of attendance.

The Conservation Commission and the Conservation Department must have learned a good deal from their experiment in counseling with informed citizens on the deer herd. And, conversely, the committee must have learned something from their exposures to the evidence and opinions of the scientists of the Game Division of the Conservation Department.

We have heard some flak from Conservation Department personnel about the creation of the advisory committees. Why, it was asked, would the department employ professionals who had made a study and career of game management, and then invite in lay citizens to dispute with them?

The answer, of course, is that the Conservation Commission is really more concerned with the hunters—and the rest of the public—than with the deer. If the state managed by some hokey-pokey to create a deer herd that multiplied like lemmings and at the same time failed to create a wholesome sport in the hunt, it would have failed its public charge.

We're inclined to believe that the extra work that conservation personnel did to instruct the committees was worthwhile. We await with interest a decision by the Conservation Commission on the worth of the experiment and whether it will be continued.

The difficulty of applying modern knowledge so that it is acceptable to the lay public is one of the great problems of communications today. C. P. Snow, the British scientist and writer, has turned out a short shelf of books on the subject. He says we're headed for trouble because our old arts culture doesn't understand the new science culture we're creating; that they even use different vocabularies and can't talk to each other meaningfully.

This is what we're looking at in the failure of the game biologists to make their points with the hunters who are named to the advisory committees on deer. Some of them haven't been converted by three years of service on the committee; they still think its nuts to shoot female deer; that you can't enlarge the herd if you reduce the brood stock.

The biologists say that eventually the number of deer will be determined more by how much there is for them to eat—they're like humans in this respect—than by how many does there are to breed fawns.

There may be subtle educational influences at work on the advisory committee that are hard to discern. It was notable that, while the Never-Shoot-Does advocates were not converted, they tended to be less vocal. They were confronted in the committees with opportunity for full expression of their views, but in a committee of varying education, information and study habits it wasn't the same as sounding off against the Conservation Department at the meeting of the sportsmen's club.

Hopefully, sportsmen will note that the advisory group had men of all shades of opinion about deer killing, and believe that the agreement with the recommendations of the Conservation Department is a true consensus. The herd is down and the department is recommending a smaller kill of antlerless deer, which should be popular, as sports club pressures are always for less doe shooting.

Both vulnerable			
West North East South			
Pass 3 N.T. Pass Pass			
Opening lead—♥ Q			

In a recent team match, both South players became declarer at three no-trump and both Wests opened the queen of hearts.

There was nothing surprising about this. We imagine that if this hand were played a million times, the same contract would be reached and the same lead made.

The play started the same way at both tables. South ducked the first heart, won the second and led his four of clubs. West played the eight, and here there was a divergence. At the first table, the eight was allowed to hold. West proceeded to lead a third heart and East proceeded to throw away his queen of clubs. It was a happy decision for his side. If he had hung on to it, South would have entered his hand with a spade or diamond, led the nine of clubs and ducked to the queen after West played the 10. East would have been in the lead and West's heart suit would have died on the vine. As it was, West was able to gain the lead and cash two hearts.

At the other table, South

rose with dummy's ace of clubs at trick three. Again East was equal to the occasion. He dropped his queen of clubs under the ace. This made both the king and 10 of clubs entries to the West hand and this declarer bit the dust also.

This happened to be an expert competition and the post-game discussion concerned itself with which line of play had made it harder for East to find the right defense. It was a sort of silly discussion, in that everyone agreed that neither East player had done more than play correctly.

We are rather inclined to compliment both Easts. It takes a lot of bridge savvy to make these fancy plays at the table, but each one came through.

### ♥♣♦♠ CARD Sense ♠♣♥♦

Q—The bidding has been:

West	North	East	South
1 ♠	1 N.T.	Pass	1 ♠
Pass	1 N.T.	Pass	1 ♠

You, South, hold:

♠ A4 ♥ KJ93 ♦ K65 ♣ K1087

What do you do now?

A—Bid three no-trump. Your partner has shown a minimum hand of balanced type and you have 14 high card points and a balanced hand also.

TODAY'S QUESTION

Instead of bidding one no-trump, your partner has jumped to two no-trump. What do you do now?

Answer Tomorrow

### Nurse Refresher

WASHINGTON (AP) — The U.S. Department of Labor has approved a job refresher program sponsored by the Michigan Employment Security and Education Agencies to provide courses for 500 general duty nurses who are unemployed. The federal government will provide \$107,100 of the total cost of \$116,767 of the project.

## Letters To The Press...

# 'Blame The Gun' Mentality Feared

As expected President Johnson, CBS News, and other astute politicians have quickly hopped on the "blame the gun" bandwagon. Americans can expect at least a few new laws to regulate the sale and use of firearms. Perhaps this is necessary, at least during this time of social unrest and violence.

But the "blame the gun" mentality is dangerous to a free and upset society. It is an attitude which has already pervaded our homes and institutions. It says that parents are no longer capable of raising well-adjusted children; that doctors cannot treat any ailment except those for which they have been specifically trained; that clergymen can no longer help others with their human problems without degrees in psychology or psychiatry; and that we, the people, are no longer responsible for our own acts.

Until our wonderful technology perfects a computerized gun, capable of thinking and acting for itself, no gun can cause harm without the hand and brain of a human being.

Morality is, to a great extent, a conditioned attitude. And television is the greatest conditioner of young people today. Since my youth, I have enjoyed every conceivable form of murder, sadism, and genocide known to man—in the comfort of my living room. If it were not for the fact that my conditionally puritan parents' conditioning had a greater effect upon me than "the tube," I might be in a cell somewhere as a result of my own misuse of firearms. An incident emphasizes the point: When I was 10 or 11, I shot my BB gun dangerously near my younger sister. Without comment, my untrained, uneducated father proceeded to change its shape over the edge of our back porch. A memorable experience? Certainly.

Momentarily I hated him, but now when my respect for firearms is everyone's business, I am grateful and proud of my father's lesson. Yet I cannot help wondering what would have been the reaction of any child psychologist who happened by at that tormented moment of my life.

And I cannot help wondering what would be the effect of our pseudo-intellectual society upon me if I were being raised today. Experts in the field of child rearing would be insisting to my parents that they let me express myself in any way I pleased—that spankings cause traumas which might harm me for life—that neither they nor I are responsible for our maliciously destructive, or sadistic acts.

Eventually, I'm afraid that they, too, would delegate the responsibility for my up-bringing to teachers, specialized guidance personnel, sociologists, and the family television set; while they went off to pursue their own inhibitions.

When we lose faith in the common man in America, we lost faith in America herself. This is a country built upon the integrity, loyalty, and common sense of ordinary people. Today, a multitude of experts,

with the help of expert-oriented magazines, institutions, and writers are undermining our confidence in ourselves.

We are being told, over and over again, that we are not capable of making our own decisions, or of behaving responsibly.

Meanwhile, our government, which has become the champion of bureaucratic expertise, issues a barrage of new legislation designed to force us to conform to highly detailed and complicated procedures, which if reduced to their simplest form, are the same common sense ideals which have been

degraded out of our lives.

A recent example: A law against employer discrimination because of age. Until the experts convinced people that they aren't capable of saving for their own old age, and until government legislated old people (like young people) out of the working market, most employers recognized the value of employees over 40 years of age. Traditionally, they are more stable, more experienced, less demanding, and more loyal. Employers quit hiring them simply because they couldn't afford them anymore.

The point is, once government begins to legislate detailed procedures for living our lives, they begin a pattern requiring increasing legislation to cover up the inadequacies, omissions, and inequities of each previous law. And all the while, people become cynical, frustrated, and lose respect for themselves as well as their country.

If we are to follow this same pattern in gun control, Congress may as well outlaw all private possession of firearms in one fell swoop. This will be the ultimate result of any firearms legislation which occurs within this attitude. The steps leading to the final gun law is obvious to any thinking person. Within the "blame the gun" mentality, the question of "which guns" must ultimately be answered by "all guns." No guns, no murders. Only sterile murderers—to sit and be fed and stimulated by immoral television programming, movies, and sick novels.

Meanwhile, those who handle government and manipulate our lives tranquilize us with these soothing phrases. You are not responsible. Let us make all decisions for you. We will take care of you.

Until this attitude changes, there can be no morality. Under the first-aid of increasing legislation, a sickness festers. It will continue to break out until either the cure is found or the heart of America stops beating.

Dick Ayres  
Bark River

Some teenagers have permissive parents; others have parents big enough and tough enough to keep 'em in line.

We don't owe a dime to anyone in this office, but there are two or three persons anxious to get a couple bucks returned.

Meanest man in the plant is the fellow who hid the editor's coffee-making gizmo.

Music Hall Of Fame Is Urged

LOS ANGELES (AP) — An American music hall of fame is needed because so much modern music is distinctly American, says saxophonist Boots Randolph.

His starters as nominees would include Stephen Foster, Louis Armstrong, Rodgers and Hammerstein, Bix Beiderbecke, Woody Guthrie, Dinah Shore, Jerome Kern, George Gershwin, Mahalia Jackson and Irving Berlin.

## Letters To Ann Landers

SICK

When Vice President Humphrey announced his candidacy for President, his theme was the politics of joy. Today in Washington and across the land, there is little joy in politics.

A dynamic and brilliant young leader has been cut down by the assassin's bullet. The face of American political life has been altered by an insane act. Adding to the weight of the tragedy were the television and newspaper photographs of Jacqueline Kennedy, Ethel Kennedy, Mrs. Martin Luther King, and Charles Evers. There in Los Angeles, the widows and the brother of four young leaders—killed in political murders.

Over the last few years the nation has been stunned by mass murder in Kansas, Nebraska, Texas, Illinois, Arizona, Northern Michigan, indeed around the country. Rioting and civil disorder in 76 American cities has resulted in 130 deaths, 3,623 injuries and 28,932 arrests.

One newspaper in England suggested that the American nation has been under enormous strain since World War II, carrying the burdens of the world and the issues of peace and nuclear destruction on its shoulders. The paper suggested that our nation, like individuals under strain, is on the verge of a "nervous breakdown." Can this be?

I believe in the overwhelming majority of people in this country, and don't believe we are on the brink of "going mad." But there are sick elements in our society. As never before in our history, the time is here for moderation, reason and re-evaluation. I hope, as a first step in the memory of many fallen leaders, that bitterness and acrimony will be removed from the oratory of this campaign year. Bitterness leads to hate, and hate breeds violence.

We can pass anti-crime bills, we can give Secret Service protection to major political figures, and we can feed the hungry in our midst. We should do all these things; but perhaps the only real cure for the cancer in our society is the Biblical instruction "Love thy neighbor." There are few rules for living as tough to measure up to, and it is a rule that places large responsibility on every citizen. But if we fail to measure up, the alternative is frightening.

Philip Ruppre  
Congressman

THEFT

Grave robbers are hideous characters I previously encountered only through the pen of Mark Twain. Now it appears that the Escanaba area has produced its own such ghoul.

Sometime between 4 p. m. Saturday and noon Sunday a thief or thieves stole a heavy wrought iron planter from my mother's grave in Holy Cross Cemetery. I am told that it is the third such taken there since Memorial Day.

One can only ponder incredulously at the depravity of persons who will steal from graves. Such individuals obviously have never lost a loved one—or else they have never learned to love at all. It follows that they then cannot love themselves either, for most certainly all self-respect will flee from any persons who prowl through cemeteries to steal. I pity them.

Pat Lewis

Editor's note — Holy Cross Cemetery officials today revealed that there has been an increase in thefts of cemetery planters since Memorial Day. Such articles are usually stolen at the rate of four to six per year, they report.

Buy and sell the classified way.

## Ann Admits Attack Was Too Inclusive

Dear Ann Landers: Recently you printed a scathing broadside against women who marry alcoholics. You said the vast majority of these women need to be martyrs, that they would rather have their husbands drunk than sober because it gives them an opportunity to be saints. You also stated most women who divorce alcoholics turn right around and marry other boozers.

For years I have been an admirer of your column—especially your understanding of alcoholism and your sympathy for those who live with it. I wonder if perhaps that particular answer was written while you were out to lunch. It did not sound like the Ann Landers I have been reading for years.

I didn't know my husband was an alcoholic until after we had been married several months. He was so clever at concealing his liquor consumption that I could write a book about it. (Gin in the hotwater bottle which he took to bed at night, even during the summer months. Bourbon disguised as cough medicine. Vodka in the glove compartment of the car in a cleaning fluid bottle.)

Your notion that wives of alcoholics use their husband's drinking as a conversation piece was not the case with me. I was too ashamed.

After eight years of agony, my doctor advised me to give my husband a choice, the bottle or me and the kids. He chose the bottle. I divorced him and my life has been a comparative heaven ever since. Will I marry another alcoholic? Never. I refuse a second date with any man who has more than two drinks during an evening.

Please print my letter, I feel you owe it to the wives of alcoholics who do NOT fit your description.—FREE AT LAST

Dear Free: Here's your letter and my apologies to the wives who do not follow the classic pattern.

I received dozens of letters lambasting me for my all-inclusive attack and I hereby acknowledge that the criticism was justified.

Dear Ann Landers: A neighbor with whom I have been

friendly has a heart of gold but she has a slam-bang, unrefined approach which I find abrasive. For example, I have yet to hear her say, "Will you please..." or "I'd appreciate it if you would..." It's always, "I want you to..." or "Get me a such and such..."

I've become accustomed to her lack of grace and I accept it, but it's pretty hard to take orders from her children, ages 10 and 12. They speak just like their mother.

This afternoon her 12-year-old son appeared at the door. He said, "Mom says you should give me your vacuum sweeper. Ours broke," I replied, "I'd be happy to lend you my vacuum sweeper, but don't you think it would be nice if you tacked a 'please' onto that?" The boy looked at me as if I had two heads.

Do you feel (as my husband does) that I should not attempt to teach these children manners because it is not my business?—FRANKLY SPEAKING

Dear Fran: I'm not at all sure you can teach them anything. Children imitate the day-to-day language they hear. It's worth a try, however, so give it a whirl.

"The Bride's Guide," Ann Landers' booklet, answers some of the most frequently asked questions about weddings. To receive your copy of this comprehensive guide, write to Ann Landers, in care of this newspaper, enclosing a long, self-addressed, stamped envelope and 35c in coin.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a stamped, self-addressed envelope.

## Governor Forgets State Sales Tax

MINNEAPOLIS, Minn. (AP)

Gov. Harold Levander, touring a shop class exhibit at a North Side school, purchased two sets of coasters for \$1 from one of the pupils. As the youngster accepted the money he paused for a moment, then said, "Hey, governor, you forgot the sales tax."

# Industrialized Humans Like 'Pen Bound' Dogs?

By LEE SMITS  
A certain type of neurotic dog is called "pen bound". Dogs suffer psychological damage from being fenced in too long on concrete or gravel. Trainers say that if a pup grows up in a pen, with no opportunity to run at large, it is not likely to develop into a sound field performer.

Now we learn that young humans deprived of green grass, trees, lakes, streams are not likely to become normal citizens. As the urban pen closes in, the need for escape from concrete and steel becomes critical. So say career professionals who might be called "social engineers".

These experts take their raw material from school records, police files, census data, surveys and with the aid of electronic computers come up with conclusions that should be of interest to everybody.

It was long ago discovered that slums produce anti-social people and now it is being argued that it is not only shabby dwellings, rats and roaches that warp the minds of youngsters, but also the lack of es-

cape to natural outdoor surroundings. \*\*\* "Urban ecology" was discussed in a panel session at the spring meeting of the Michigan Association of Conservation Ecologists, held in Detroit. Conservationists have called ecology the most important word in the dictionary. It is defined in Webster's as "concerned with the interrelationship of organisms and their environments".

Presiding at the session was MACE President Merrill L. Petoskey, a veteran member of the Conservation Department, an ardent sportsman whose education in wildlife management extends from waterfowl to rabbits.

The program chairman at the panel discussions was Norman F. Smith, chief of the Recreation Resource Planning Division of the Michigan Department of Conservation. That there is such a state agency is proof of progress within the present century. Recreation as a "resource" would not have fitted into official thinking 50 years ago when the protection and improvement of hunting and fishing were the chief objectives of conservation agencies.

\*\*\* The urban ecology session was addressed by a forceful speaker, Mr. Thyagarajan, chief of planning studies for a joint federal-state-municipal agency, dealing with transportation and land use in Detroit. He laid it forcefully on the line, pointing out that a map of southeast Michigan showing state parks and other recreational areas did not present a true picture. He explained that those who were most in need of the unspoiled

outdoors would have a hard time spending much time in these recreational areas which, necessarily, are on the outside of big urban centers. We were told that the majority of inner city dwellers would have to travel at least 30 miles to enjoy outdoor freedom and, he said, many or most of them lacked means of transportation.

As with most social problems, there is also a vicious circle. The less opportunity folks have to enjoy natural surroundings, the less they are able to appreciate the wonders of nature.

Probably this is one more problem we can hand over to the schools.

Not more parks, but better education of our youngsters in elemental ecology is what we need; curiosity about what goes on in the world of plants and animals, awareness of our kinship with other forms of life.

## Schaffer

Holiday weekend relatives at the Eugene Derocher home were Mr. and Mrs. Erwin Derocher of Lawton, Okla.; Mr. and Mrs. Paul Campbell and daughter of Seattle, Wash.; Mr. and Mrs. Harvey Hohn and children and Jackie Derocher of Milwaukee; Mr. and Mrs. Walter Verhagen and family and Mr. and Mrs. Stewart Perry and children of Powers; Mr. and Mrs. Elroy Derocher and family, Mr. and Mrs. Eugene Derocher and family and Mr. and Mrs. Elmer Derocher and family of Schaffer.

The Daughters of the American Revolution organization erected the Madonna of the Trail monuments.

DR. JACOB VINOCUR, associate dean of the graduate school and professor of English at Michigan State University, has been named vice president for academic affairs at Northern Michigan University. He is a native of Lansing, holds bachelor's and master's degrees from MSU and a doctorate in English from the University of Wisconsin. He has taught at U-W, the University of Montana, the University of Dijon, France, and Duke University.

## Westy Claims U.S. At Peak

SAIGON (AP) — Gen. William C. Westmoreland, departing after four years in command of U.S. forces in Vietnam, said today American strength was greater than ever "but it is unrealistic to expect a quick and easy defeat of the Hanoi-led enemy."

"If he feels time is on his side, he can go on a long time," Westmoreland said of the enemy in a farewell news conference on the eve of his departure to become Army chief of staff in Washington.

The general repeated an assertion he made in Washington late last year that it might be possible to begin a token phase-out of U.S. forces in Vietnam within two years, adding: "I have no reason to change that estimate."

Westmoreland said the phase-out might begin late in 1969, but added that this statement was based on "trends" that might change.

## In Service

Sgt. Gerald Dishno spent a 30 day leave at the home of his parents, Mr. and Mrs. James Dishno of Cornell after serving a year in Vietnam with the U. S. Army. He is now stationed at Fort Hood, Texas.

Sgt. Theodore R. Russell, son of Mr. and Mrs. Bill Russell, Rte. 1, Rapid River, is a member of a unit that has earned the U.S. Air Force Outstanding Unit Award. Russell, an aircraft mechanic in the 21st Composite Wing at Elmendorf AFB, Alaska, will wear the distinctive service ribbon to mark his affiliation with the unit. His unit was cited for compiling outstanding records in both combat readiness and training in severe weather. The 21st was also cited for its participation in insuring the defense of Alaska and the North American continent. The sergeant is a graduate of Rock High School.

## Bark River

Paul Schultz of Milwaukee and Edwin Klatt and son, Dennis, of California visited recently at the home of August Schultz in Perronville. Also visiting at the Schultz home were Henry Weis and daughters of Orient, S.D.

## Briefs

Deborah Beckingham, daughter of Rev. and Mrs. Charles Beckingham, left Tuesday for Moline, Ill., and will vacation with her maternal grandparents, Mr. and Mrs. Arthur Steen.

Kathy Hooker of Wilson, Mary Couillard, Judy Phillips and Kerry Langlois left Thursday for Highland Park, Ill., where they will be employed for the summer.

Mr. and Mrs. Stanley Anderson and son, Harold, of Evanston, Ill., were weekend guests of Mr. and Mrs. Gillard Pearson and Mrs. Gilbert Pearson. Mrs. Anderson is the former Adela Pearson.

Christine Peterson, Laura Langlois, Ronald and Gary Phillips and Daniel Adams were confirmed Sunday at the 9 a.m. worship service at the Bark River Methodist Church by the Rev. Konstantin Wipp.

WCS Meeting  
The WCS of the Bark River Methodist Church will meet Tuesday, June 11, at 8 p.m. in the church. A film, "Michigan Elk", will be shown by Ernest Leonard of the Escanaba Conservation Department. Mrs. Clarence and Mrs. Belle Hanson will serve lunch.

# Oxford Munising Mill Plan Killed

MUNISING—Long-held hopes here that Oxford Paper Co. would soon undertake construction of a \$100 million pulp and paper mill in Alger County were upset today with the announcement that the project has been postponed indefinitely.

Fred A. Clough Jr., New York City, director of public relations for Oxford, told Pan-ax Newspapers that the company, after several years of intensive study, has decided to delay construction.

He quoted William H. Chisholm, Oxford president, as saying that the industry's inability to meet the increasingly high capital costs of new projects, as well as higher operating costs, made the financial return on any such investment unattractive.

**1966 Announcement**  
"We are pursuing our studies of how to continue to serve and grow with our customers on a sound economic basis," Chisholm was quoted as saying, "Certainly if economic condi-

tions warrant, we would again be talking about Michigan."

Oxford announced on June 23, 1966, that it was seriously studying the possibility of building a pulp and paper mill in the Munising area and drawing on the timber holdings of the Cleveland Cliffs Iron Co. for much of its raw material supply.

Original plans called for a mill employing about 500 persons in addition to woods workers. The mill was to produce 400 tons of hardwood and softwood, bleached kraft pulp daily.

Although it was never officially announced, the site of the proposed mill was on a strip of land lying between 5-Mile Point and Au Train Point on Lake Superior a few miles north of Munising.

**Forest Service Aided**  
After Oxford announced its mill plans the company was merged last year with Ethyl Corp., a large manufacturer of petroleum and industrial chemicals, plastics, paper and aluminum.

The shelving of the Oxford mill project is a setback to Peninsula hopes for growth of wood industry, but it is moving ahead strongly with the huge expansion of Mead Corp.'s Escanaba Paper Co. mill at Groos in a three-phased development of which the first phase is now underway.

This enlargement program will increase the mill's capacity from 85,000 tons a year by 100,000 to 185,000 tons, and with a fourth paper machine projected for the third phase of the development.

The U. S. Forest Service had cooperated with Ethyl Corp. in making available a site for the proposed Oxford mill near Munising by land exchange method.

## State Promotes

The State Commerce Department industrial development effort which sought the Oxford mill aims to convert more of the Upper Peninsula's pulpwoods in U. P. mills to get the benefits of mill employment and tax valuation as well as woods work.

At present more than 60 per cent of all pulpwoods harvested in the Upper Peninsula are marketed in Wisconsin as wood, not pulp or paper, continuing the U. P.'s historic limitation of extractive industry with its low profits.

Cleveland Cliffs Iron Co. has more than 300,000 acres of woodland in the Upper Peninsula. Its fine hardwoods go to forest industry complex at Forrest Center near Munising, which chips its wastes for pulping.

## News Strike Is Near End, Says Dr. Feinsinger

DETROIT (AP)—As Detroit's daily newspaper strike moved into its 209th day, chief mediator Dr. Nathan Feinsinger expressed confidence about a settlement "if not Tuesday or Wednesday, then by the end of the week."

Although admitting surprise to learn the four striking unions were seeking pay hikes of \$39 over a three-year period, the noted labor mediator and University of Wisconsin law professor added:

"I know just as well as I'm sitting here we will have a settlement."

So far, only the Teamsters, who precipitated the shutdown, have reached agreement among 14 unions. They settled for a three-year package of \$30.

Contracts for the other 13 have since expired but only four have officially called strikes. Negotiations have been continuing with the others. The stereotypes reportedly reached agreement on noneconomic issues Monday.

## Motorcyclist Is Injured

Robert Faubert, 37, of Green Bay was involved in a motorcycle accident near Garden on Monday evening. The brakes locked while he was riding the cycle causing him to roll over.

He was taken to the Schoolcraft Memorial Hospital by ambulance and he is reported in good condition this morning.

Faubert had been visiting his parents, Mr. and Mrs. Art Larchiad of Isabella and other relatives in the Garden area.

## Cite Juveniles For Cabin B&Es

Three juvenile boys, all age 15, will be cited to Probate Court after they were arrested by the Delta County Sheriff's Dept. Monday in connection with breaking and enterings of cabins at Ford River.

Officers said the boys also were involved in the larceny of two boats, one owned by George Anderson, 914 2nd Ave. S., Escanaba. The boats were recovered as was some of the property taken from the cabins entered, officers said.

G. MENNEN WILLIAMS, with wife Nancy alongside, waves before boarding plane for the Philippines at Metropolitan airport in Detroit. The former Democratic governor of Michigan was recently named ambassador to the Philippines and was sworn in in a ceremony in Washington Friday. (AP Wirephoto)

# Gladstone Asks Vote On New Water Plant

GLADSTONE — The proposed water filtration plant in Gladstone may become a reality if voters approve issue of \$600,000 in general obligation bonds at the Aug 6 election.

The City Commission Monday authorized placing the question on the ballot at the primary election to help finance the proposed \$800,000 plant.

The remaining \$200,000 needed to finance construction would come from revenue bonds.

City Manager H. J. Henrikson said today that the city does not anticipate any additional taxes would be required to retire the general obligation bonds beyond the 15-mills authorized by the city charter.

He said that current estimates indicate that both the general obligation and revenue bond retirement schedules could be met from revenues derived

from the increased water rates instituted last year.

He said that general obligation bonds will be asked for \$600,000 of the project because selling \$800,000 in revenue bonds would be extremely difficult.

**Sketch Submitted**  
Kenneth Anderson, of Williams & Works, Grand Rapids, submitted a sketch of the proposed plant to the Commission Monday night.

Henrikson said preliminary paperwork would get underway at once and that if conditions are favorable the referendum will appear on the August ballot.

Anderson said the proposed plant has been designed as economically as possible to provide Gladstone with water service.

Joseph Bal, chairman of the charter commission, presented

the proposed charter to the commission and asked for a vote by the people, possibly at the August primary. He said the charter has been submitted to the governor for his approval.

A public hearing on paving Dakota Ave. from 15th St. to 18th St. was held and the project will be placed in its regular position on the city work schedule. An attempt to bring the street projects up to the 1967 level will be made this year.

Henrikson estimated the cost per 50-foot lot to be about \$400.

**Bid Accepted**  
The Commission accepted the low bid of Lloyd Sodergren & Son, Rte. 1, Escanaba, for installing curbs and gutters.

The Sodergren bid, lowest of two received, calls for \$2 per lineal foot, plus radius curbs at intersections at \$2.25 and gutter bottoms at alleys and driveways at \$1.50 per foot.

In other business, the Commission approved partial payment to the Earl L. Reimer Construction Co. in the amount of \$11,119 for work on the storm sewer project on N. 16th and N. 17th St. and also \$1,077 to Northern Michigan Engineers for engineer services on the same project.

The estimate of \$34,000 for trailer park expansion was tabled until the next meeting when the city manager will have the appraised value of the site.

Henrikson read a communication from the Water Resources Commission asking for an 80 per cent reduction in sewerage phosphorus content released into Little Bay de Noc by 1972. The Commission had originally ordered the phosphorus reduction be made by 1977.

The report showed that secondary treatment of sewage is needed.

Recognizing the need for improving water conditions, the Commission instructed Henrikson to inform the Water Resources Commission that Gladstone will attempt to comply.

The recommendation of the planning commission to improve drainage conditions on N. 9th St. also was tabled until the next meeting. Henrikson is expected to have an estimate of costs at that time.

# Gourley Plans Millage Vote On Fire Dept.

The Gourley Township Board meeting Monday night in the township hall voted to hold a special election Tuesday, Aug 6 of township electors to approve a levy of 3 mills for five years to raise funds to finance the creation of a volunteer fire department for the township.

The township was given a fire truck by the City of Escanaba last week and it will be equipped and housed with funds raised by the Committee For Robinson's Future. The fund is now \$2,412, raised by public donations received by the First National Bank & Trust Co. of Escanaba, and by benefit bake sales, dinners, dances and a car wash sponsored by the committee.

**Raising Funds**  
The committee was organized the day after the Apr. 27 fire which destroyed the Robinson Furniture Manufacturing, Inc., plant at Jam Dam in Gourley township, the area's chief source of employment. It manufactures rickety rockers from native hardwoods. The committee is raising funds to create a volunteer fire department to protect the new Robinson furniture factory, now being constructed, and to provide general area fire protection and to reduce the fire insurance rates.

Supervisor Felix Blahnik presided at last night's meeting. The Future of Robinson's Committee, announced Gary Randall, will turn over all the funds which it has collected and funds still to be collected to the Gourley Township Board so that the fire department creation can be officially governmental throughout.

Randall said that it is estimated that essential basic equipment for the fire engine will cost \$5,499.

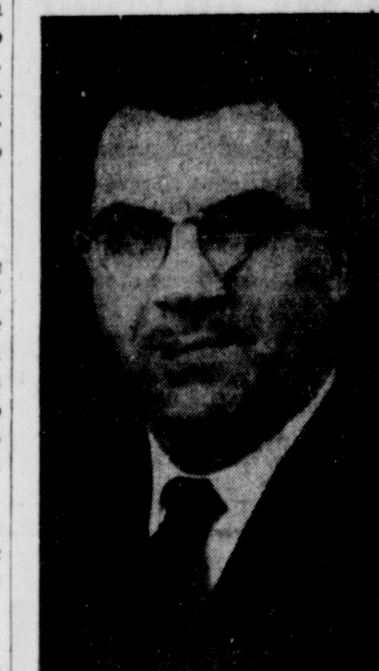

**Offers Building**  
Earl Robinson, owner of Robinson's Furniture Manufacturing, said that he would put up

the fire department building to house the truck and other equipment and that he would heat it and pay the electrical bills. The fire station will be next to the Robinson plant at Jam Dam.

The money now in the Future of Robinson's Fund will be expended at once on basic equipment like hoses to get the project started and completion of the financing is planned with more benefit activities and the millage.

The next benefit will be a pancake supper Sunday, June 16, at the St. Bruno's Catholic Church hall in Nadeau, with serving from 5 p.m. The public is invited. This will be the last of the series of benefit activities for a month or more, said Mrs. Thomas DeGrave, publicity chairman.

## G. Marcantonio Elected K.C. Grand Knight

Knights of Columbus, Council 640 met last evening in the council chambers and the following new officers were elected:

Gene Marcantonio, grand knight; Walter Johnson, deputy grand knight; Donald Lewis, chancellor; James Anderson, recorder; Louis Carr, treasurer; Arthur Messier Sr., advocate; Roger Jenshak, warden; Lou Malinowski, inside guard; Ernest Bernier, outside guard; Irving Houle, three year trustee; Brother Felix, OSM, two year; Richard Thompson, one year.

John Baribeau, financial secretary, received a permanent appointment from the state supreme council and Rev. Norbert Freiburger, chaplain was assigned by the Bishop.

Gene Marcantonio, administrator of Pinecrest Medical Care Facility at Powers, previously served as Grand Knight of Iron River Council 2300 from 1950-'51; Hancock Council 692 1961-'62 and also as Faith Navigator of the Msgr. A. J. Rezek Assembly, Copper County District, 1960-'62.

He has been a K. of C. member for 25 years and a fourth degree knight for 20 years.

## Local Soldier Is Wounded In Vietnam

Pfc Terry Moore, son of Mrs. Betty Moore of 201 N. 13th St. was wounded in Vietnam on May 25 while serving with the U.S. Army.

After undergoing surgery at Camp Drake, Japan he was returned to the States and is now receiving treatment at the Ireland A. Hospital, Ft. Knox, Ky. He will remain there for two to three months.

Pfc Moore entered the service on Nov. 8, 1967 and had been in Vietnam about five weeks when he was wounded.

## Briefly Told

The meeting of the Ford River Township Board scheduled for Tuesday night has been canceled. It will be held Wednesday night at 8 p. m. at the township hall.

Buy and sell the classified way.

# Chamber Plans Caravan Fetes

Directors of the Escanaba Area Chamber of Commerce were advised by Manager Walter Lewke, Monday, that the Delta County Nursing Home has been closed and all patients placed in private homes. At the next meeting of the Delta County Board, Dr. Mary Cretens will report on her survey of Delta County persons who need public nursing home care. President Ray McDonough conducted yesterday's meeting.

Richard Marenger, co-chairman of the Delta County Agricultural Booster Association, reported that two \$100 scholarships had been awarded by the association to Betty Stonecliff and Richard Germain, graduates of Escanaba Area High School, to Bay de Noc Community College.

Plans for the Wally Byam Caravan July 9-12 are being completed and a reception will be held July 9 at the Escanaba Senior High School by the Chamber for members of the trailer caravan. The Escanaba Yacht Club has scheduled its

Venetian Night on July 10 to coincide with the visit of the caravan. The caravan will host local city officials at a reception at the high school on the evening of July 11.

The Board recommended that a committee of five be appointed from the Chamber and the Escanaba Foundation to pursue the development of the downtown area in view of the interest and attendance at the meeting held on June 5 of property owners and tenants on the East way project.

The Board recommended that a conference be scheduled with Matthews of the Chicago Post Office Department Real Estate Division and directors of the Chamber on re-location of the Escanaba Post office.

The City of Escanaba will be represented by 20 people at the Mackinac Bridge luncheon at St. Ignace June 28 where the Escanaba Chamber will donate a Robinson Furniture Co. platform rocker as a door prize.

The Board has requested the Chamber's National Affairs Committee to study the Monday Holiday Bill which has passed the House and is now being studied in the U.S. Senate. The House bill would establish Monday observances for Washington's Birthday, Memorial Day, and Veterans Day, and provide for a national holiday to honor Christopher Columbus. Massachusetts and Hawaii have already adopted their own Monday holiday bills.

The Michigan Rural Letter Carriers Association will convene in Escanaba on June 16-18.

The Chamber is cooperating with the Bays de Noc Recreation Resources Council in the promotion of the fishing Anglathon. Escanaba merchants have been asked to contribute merchandise for the milestones in the miles-of-fish contest.

## Court Will Rule On Legality Of State Income Tax

DETROIT (AP) — The State Court of Appeals took under advisement Monday an appeal by Richard B. Kuhn, a Pontiac attorney questioning legality of Michigan's income tax.

Kuhn appealed to the Court of Appeals after having lost his challenge in Oakland County Circuit Court last fall.

Judges Thomas Kavanagh, Charles Levin and Stewart A. Newblatt, the latter a visiting circuit judge from Flint, heard the case. The court did not indicate when a ruling might be anticipated.

## THANK YOU!

I would like to take this opportunity to thank all those who supported my candidacy for the Escanaba Area School Board.

Dr. Don Alimenti

## Killed In Vietnam

HOLLAND (AP)—Army Spec. 4 Robert Jay Westrate, 19, son of Mr. and Mrs. Chester Westrate of Holland, was reported killed in Vietnam Friday, the Army announced. He died after a vehicle in which he was riding struck a land mine. Westrate entered the Army in February, 1967.

## Death Claims Mrs. J. Neff

MANISTIQUE — Mrs. John (Florence) Neff, 48, of Newberry, formerly of Manistique, died Monday, June 10, at 1:10 p.m. at the Helen Joy Hospital in Newberry.

She was born April 14, 1920, in Manistique and spent most of her life in Escanaba. She had been a resident of Newberry for the past 14 years and graduated from Manistique High School in 1938.

The former Florence Carlson was married to John Neff Sr. September 6, 1941. She was a member of Our Redeemer Lutheran Church of Newberry, the Newberry's Professional and Business Women's Club, the Country Club and the Elk's Auxiliary.

She is survived by her mother, Mrs. Victor (Ida) Carlson of Manistique; her husband, John L. Neff, two sons, John L. Neff Jr. and James H., two daughters, Jeannie and Mary Beth, all of Newberry; two brothers, Eugene and Howard Carlson of Manistique; one sister, Mrs. Ronald Charbonneau of Mt. Clemens and two grandchildren.

Funeral services will be held at Messier-Broulliere Funeral Home in Manistique, Wednesday morning at 11. The Rev. Lloyd O. Herbert will officiate. Friends may call at the funeral home today beginning at 3 p.m.

Graveside services will be held at 3 p.m. Wednesday at Fairview Cemetery in Manistique, with the Rev. Ingmar Levin, pastor of the Zion Lutheran Church, officiating.

Vinyl laminated to steel panels hangs straight, keeps its good looks for years. 1-piece metal track, nylon hinges. 32x80-inch.

# MANISTIQUE

## Manistique Is In Coast Guard Auxiliary Unit

Lucien Conrad, retired State Police officer, was elected flotilla commander of the newly organized Coast Guard Auxiliary at Manistique.

A group of interested boaters met twice a week for intensive training sessions in basic seamanship during the past month. Subjects studied were: Aids to navigation, marlinpike seamanship, charts and compass, rules of the road, legal responsibilities, communications, Coast Guard and Coast Guard Auxiliary history.

Captain B. E. Ervast of Division 28, Hancock, conducted the training sessions and organized the flotilla. Manistique now joins with Escanaba, Hancock, Marquette, Ashland, Wis., Vermillion and Baudette, Minn., which make up Division 28, which is the largest division, geographically, in the 9th District. Headquarters for Division 28 is in Hancock. Sixteen people took the Auxiliary examination to become basically qualified members. Other elected officers are: Ted Hentschell, vice-commander; Lowell Varvil, training officer.

Functions of the Auxiliary are:

1. Conducting public education courses.
2. Courtesy inspection of motorboats for safety equipment.
3. Regatta patrols.
4. Assisting the Coast Guard in search and rescue missions for boats and aircraft in distress.

Formal chartering of the new flotilla will take place June 28. At this time, the director of the Auxiliary, the district commander, vice commodore and other high officers in the Coast Guard and Auxiliary will be in attendance. Escanaba will send a delegation headed by Flotilla Commander Harold Winchester.

### David Corson Is Tech Graduate

David Corson, son of Mr. and Mrs. W. A. Corson, 234 Arbutus Ave., received a B. S. degree in civil engineering in exercises at Michigan Technological University, Houghton, on Saturday. Robben W. Fleming, president of the University of Michigan, addressed the graduates and also received an honorary degree from MTU.

Mr. and Mrs. Corson and Mr. and Mrs. Robert W. Corson of Marinette attended the graduation exercises in Houghton.

### Obituary

**MRS. MABEL ROCHEFORT**  
Funeral services for Mrs. Mabel Rochefort, Fayette, were held Saturday at 10 a. m. from St. John the Baptist Church in Garden. Rev. Father Joseph Calari officiated. Pallbearers, all grandchildren of Mrs. Rochefort, were: Berry, Brent, Terrance, Norman and Dennis Rochefort and Douglas McGuire. Burial was in the New Garden Cemetery under the direction of Messier-Broulliere Funeral Home.

## Knoph Elected To Area Board

Robert Knoph, 38, of Rte. 1, Manistique, is the victor in Monday's school election over Norman W. Jahn Sr. and Mrs. Richard Marsh. He will be seated in a special reorganization meeting of the Area Board of Education the first week in July.

In his second bid for election, Knoph polled 414 votes to elect incumbent Jahn's 352 total. Knoph won a four-year term on the board. Jahn was seeking his second term on the board.

Mrs. Richard Marsh of Gulliver polled 107 votes to finish third. Leon Wood, who announced two weeks ago that he wished to withdraw from the race, got three votes.

Voting was light in all eight precincts with Lakeside Precinct recording the heaviest vote of 337 ballots. A total of 905 ballots were cast, including 29 which were spoiled.

Precinct	Knoph	Jahn	Marsh
1. Lincoln School	79	66	12
2. Lakeside	107	197	20
3. Thompson Twp.	16	14	4
4. Hiawatha Twp.	59	23	9
5. Fairview Twp.	82	17	5
6. Doyle Twp.	32	22	40
7. Mueller Twp.	26	5	13
8. Germfask Twp.	13	8	4
Totals	414	352	107

### Schoolcraft County EVENTS AND NOTICES

Vacation Church School — Zion Lutheran Church. Monday through Friday, June 10-14, 9 to 11:30 a. m.

The annual meeting of the Synod of Michigan will begin on Tuesday, June 11, at Alma College, Alma.

The Women of St. Alban's Episcopal Church will hold a bake sale on June 14 in the Undercroft of the Church beginning at 2 p. m.

Support Old Fashioned Days — July 3rd and 4th. Please! All Vets' Organizations are now soliciting. Chairman: Emery Barnes and committee.

Daily Vacation Bible School, June 10-21 from 9:30 to 11:30 a. m. at Cedar Grove Mennonite Church on the River Road. Classes for high school students in the evening. Call 341-2626 for transportation.

Daily Rummage Sale sponsored by St. Jude Circle in the garage of Mrs. William A. Norton, 121 S. 2nd St.

The Bay Cliff Health Camp Financial Drive now in progress. Mail donations to Gerald Grapbos, First National Bank

Presented as a Public Service Every Week By:

ESELCO

## Dog Clinics Set Saturday

A rabies vaccination clinic will be held in Manistique at the Youth Center and at three other locations in the county on Saturday, June 15.

Vaccinations will be given at the Hiawatha Township Hall, 9 to 10 a. m.; Manistique Youth Center, 10-11:30; Mueller Township Hall, 12:30 to 2 p. m.; Germfask Township Hall, 3-4 p. m.

A veterinarian will conduct the clinics in cooperation with the Alger-Schoolcraft Health Dept.

All dogs three months old and over must be vaccinated and licensed. Failure to comply with this law — Act 339, P.A. of 1919 — leaves the owner subject to prosecution and the dog subject to destruction.

Vaccine cost is \$2.00 for modified live virus giving two years protection. License cost is \$1.00 for male or spayed dogs and \$2.00 for female dogs. Licenses purchased after the date set for the clinic will be \$2.00 for male or spayed dogs and \$4.00 for female dogs. It is recommended that everyone take advantage of this opportunity for the protection of their animal and family.

## Three More File For Supervisor

County Clerk Ferdinand Lesica has received nominating petitions from Democrats Russell Tennant, Rte. 1, Box 140; Harold Carlson, 537 N. Houghton Ave.; and Republican Richard Ketchik, 145 New Delta Ave., for seats on the County District Board.

Tennant has filed for supervisor from District No. 2, seeking to represent Hiawatha and Inwood Townships; Carlson and Ketchik have filed for representation of District No. 5—that area west of the Manistique River, east of M-94, and north of Deer St.

### Briefly Told

Post 83, American Legion, will meet Wednesday at 7:30 p. m. in the VFW clubrooms. At 8 p. m. Wednesday old and new Lancer Drum and Bugle Corps personnel are invited to meet with the Legion at the VFW.

American Legion Auxiliary will meet Wednesday at 8 p. m. at the Youth Center. A potluck lunch will be served and ladies are to bring their own table service. A white elephant sale will be held following the meeting.

Another paper drive will be held on Saturday June 29 in the St. Francis parking lot sponsored by the school board. Residents are asked to save their papers. Pick-ups may be arranged by calling 341-2044. Proceeds of the paper drive will go toward the cost of the new fencing being installed around the parking and playground areas.

"Movie Night" on Wednesday at the Senior Citizens Center will feature "Virginia"—a film portraying the activities, famous historic sites and the scenic beauty of that state. "Chocolate Crossroads of the World" is the second film and will focus on Hershey, Pa. The films start at 7:30 p. m. and will last one hour. There is no admission charge and refreshments will be served.

Newspaper Want Ads are a big sell! One billion, twenty-one million were spent on classified ads last year... more than for all magazine advertising combined and more than 300 million more than radio advertising.

## City Employees Balk At Offer

John Blomquist, chairman of City Employees Local 1196, told the City Council Monday night that unless changes are made in the present contract offering he doubts that city employees will ratify the offer in voting next Monday.

Blomquist said that in two membership votes held four weeks apart the employees had rejected the present contract. He said they are more interested in "across the board" increases than in a pension plan proposal.

Blomquist hinted that the city has offered about 10 or 11 cents in hourly wage increases and pointed out that other cities had offered as much as 18 cents to municipal employees.

At no time during the discussion did Blomquist or Council clearly spell out what proposals have been made.

Blomquist suggested that management meet Monday morning with representatives of the local and Earl Wood of Kingsford, negotiator for the Michigan State Municipal Employees Association, to discuss the impasse.

A letter from the Water Resources Commission of the Conservation Dept. advised that the original deadline of June, 1977, for instituting a program of phosphorus removal from Manistique sewerage had been changed to Dec., 1972.

The letter suggested that the city evaluate its present waste system and prepare to embark on a phosphorus removal program.

The Larko Chemical lease and a dance permit for the Hub Bar were approved subject to approval by the County Sanitarian and the police chief.

Mayor Leo DeMars asked that a letter of thanks be sent to the Escanaba City Council for the courtesies during last Thursday's joint meeting. DeMars said the session was "very useful and perhaps we could work the same arrangements with other cities."

On June 24, Council will discuss street priority repairs and open insurance bids on city equipment and property.

### Church Events

**First Baptist**  
Mr. and Mrs. James Hendrickson were welcomed in the church Sunday at the 11 a. m. Worship Service. The Vacation School Training Session will meet Wednesday at 7:30 p. m. at the church Thursday, 7:30 p. m. the Pearl Shiner Circle will meet at the home of Mrs. William Phillion, The Building Committee will meet at 7:30 p. m. at the church Mr. Floyd Norton of Lansing will be present. Sunday, June 16, the Junior Choir will practice at the church at 9 a. m. The First Baptist Flower Committee are requested to leave all flowers and plants for the Sunday morning service at the church by Saturday at 3 p. m. They may be left in the kitchen for arrangement.

### Hospital

Admitted to Schoolcraft Memorial Hospital on Sunday were Albert LaVigne, Erben Bierschack, Steven Schnurer, Mike Paradise, Laura Martin, Fern Streeter, Beatrice Hursh, Eva Yaden, Ronald Metcalf, Inez Cowles, Hal Burton, Scott Burton, Rebecca Tennyson and David Tennyson.

Marie Schneider, Mike Paradise, Marion Martin, Thomas McKenzie, Hazel Bellone, Donald LaMuth, Frank DeCelle, Junior Shoremaker, Leland Arman, Charles Brandon, Dolores Zeigler, Russell LaFleur and Kim Fleming were discharged Sunday.

LITTLE BUT DO A BIG JOB

## Irate Bear Rips Fishermen's Car

Richard Cousineau and Joseph Jamin of Thompson surprised an angry and hungry bear Saturday afternoon at dusk when they returned to their convertible parked at Blue Joe Lake in the Hiawatha National Forest following an afternoon of fishing.

The duo discovered that the bruin had ripped and ruined the convertible top of their auto, entered the car and eaten their picnic lunch, and was attempting to further damage the car by scratching the trunk when they approached.

They told State Police that they finally scared the bear away.

**Weekend Accidents**  
State Police investigated two accidents over the weekend. Saturday night at 8:30 Sherry Walter of Detroit ran off the road and hit a tree trying to avoid a deer on County Road 437, north of Big Murphy Lake Road. She was ticketed for speeding and no injuries were reported.

At 6 p. m. Saturday a car-deer accident was reported to State Police by Fred McNally, E. Shore Drive, which occurred on U.S. 2, four miles west of Thompson. McNally's wife and child were passengers in the auto but no injuries were reported.

**Radiator Stolen**  
Charles Schnurer, Rte. 1, reported to State Police that 11 radiators were taken from his property on the River Road sometime last week. An investigation is continuing.

Colby M. Cousineau, 21, of Route 1, appeared before Justice Howard Magoon Monday and pleaded guilty to assault and battery. Cousineau paid a fine of \$25 and costs of \$9.30.

On Saturday State Police issued summons to the following: David R. Krzyzanski, Thompson, defective equipment; Ole M. Olson, Escanaba, no operators license. Olson is to appear before Justice Davis in Gladstone. Norman T. LaBut, Garden, violation of the basic speed law at nighttime and driving left of centerline; Sue Ann Lemirand, Manistique, expired operators license; Bertha E. Benedict, Harper Woods, exceeding the daytime speed limit.

On Sunday State Police cited Frank Somoski, Sault Ste. Marie, speeding in the nighttime; Bryant G. Gagnon, Escanaba, speeding in the nighttime; Jerry L. Moore, Manistique, reckless driving; John C. Jackson, Lansing, speeding in the daytime. James W. Holland, Springfield, Tenn. was arrested by State Police on Monday for driving under the influence of intoxicating beverages and posted bond of \$100.00 before being released. He will appear in Justice Court before Judge Howard Magoon.

Can you give me one good reason not to switch from oil heat to gas?

We'll do better than that. We'll give you six.

- Reason No. 1**  
You can't get more modern heat than oil  
Oil and gas are equally modern. Their efficiency is rated equal by the Public Housing Administration. What can give you more modern heat is better service and equipment. Get both from Standard Oil Hot Line Service. And save the cost of conversion to gas.
- Reason No. 2**  
You save money staying with oil heat  
Consider the costs with gas. You can spend hundreds of dollars to convert. Your pilot light can cost about \$10 a year. You can be penalized for late payment of gas bills and pay hidden taxes. You have none of these costs with oil.
- Reason No. 3**  
You get better service with oil  
Can you get insured budget terms, automatic fuel reserve, instant credit and 60-second action on emergency calls with gas? You can with new Standard Oil Hot Line Service. For better service, switch to Hot Line, not to gas.
- Reason No. 4**  
You get more hot water with oil heat  
Our AMOCO oil-fired water heater gives you 3 times as much hot water as gas-fired heaters, 6 times as much as electric heaters. At much less cost. You can modernize and save money, too, with the modern kind of oil heat service: Hot Line.
- Reason No. 5**  
You can't get cleaner heat than oil  
Chemical analysis shows it is cooking fats, tobacco smoke and airborne dust that causes dirt. Not the fuels. All are equally clean.
- Reason No. 6**  
Gas equipment is no more modern than oil  
Don't be fooled by the "modern image" of gas heat equipment. Wait until you see the AMOCO line of oil heat equipment! It's as modern as gas equipment, or more so. If you still have old-fashioned ideas about oil, let Hot Line bring you up-to-date, without any obligation. One call can save you a lot of money.

Don't buy the "gas-line" until you call Hot Line.

You expect more from Standard and you get it.

# Women's Activities

## Round Dance Workshop To Begin Wednesday

Square dancers of the area and other interested couples who wish to learn the basics of round-dancing will be offered instructions weekly, beginning Wednesday, June 12 at the Bay de Noc College Student Center, south entrance. Lessons begin at 8 p.m.

Mrs. Vira Larsen, of Masonville will be the instructor. Mrs. Larsen, and her husband, Martin Larsen had nine years of experience as teachers of basic and advanced round dancing for the Freelancers Square and Round Dance club at Sarasota, Fla., and for clubs at the Trailer Estate in Bradenton, Fla. They also taught groups in Iron Mountain, Marquette and Escanaba.

Mrs. Larsen continues to assist the round dance instructors in Florida.

Couples, without dancing background, who wish to learn the basic waltz, two-step, and interesting routines of this popular recreation may join the workshop. Casual or square dance apparel, with flat slippers for the ladies is suggested.

## Special Music At Adventist Lectures

Robert G. Collar, evangelist at the Seventh-day Adventist Church, 210 S. 23rd St. has made the following announcements:

On Wednesday at 7:15 p.m. the topic of the lecture will be, "Unusual Bible Teachings" and Thursday, "Is It Necessary To Be Baptized to be Saved?"

There will be music on several different instruments each night. Wednesday night, Pastor Collar will play the mystery instrument, the "Theremin." It has no keyboard, no strings, no reeds, is electronic and is played without it being touched.

The Oriental Chimes, sometimes known as the Triple Octave Organ Chimes, will be played by Mrs. Collar, David and Dale Thursday night.

Dr. Eugene Hildebrand of Munising will speak on smoking Wednesday night.

The public is invited to attend this series of meetings.

MISS GAIL MARIE MYERS, daughter of Mrs. Eva Myers of Hardwood, formerly of Escanaba, and an alumni of Holy Name High School will graduate from St. Mary's School of Nursing, Rochester, Minn. during commencement exercises on Sunday, June 16. The Rev. Edward A. Fitzgerald, Bishop of Winona will present the diplomas and the commencement address will be given by Dr. John G. Grier, University of Minnesota, Minneapolis. Miss Myers will be employed at St. Mary's Hospital, Rochester, Minn., following graduation.

Mrs. Leonard Mroczkowski (Ridings Studio)

## Vivian E. Gorzinski, L. Mroczkowski Wed

Miss Vivian Elsie Gorzinski and Leonard Andrew Mroczkowski, both of Wilson exchanged wedding vows during a ceremony performed Saturday, June 1 at St. Francis Xavier Church in Spalding.

The Rev. A. Ehlinger heard the solemn exchange of vows during the double ring ceremony and Nuptial High Mass performed at 10 a.m.

The bride is the daughter of Mr. and Mrs. Raymond Gorzinski of Wilson and parents of the bridegroom are Mr. and Mrs. Chester Mroczkowski, also of Wilson.

Honor attendants for the couple were Mr. and Mrs. Earl St. John of Spalding.

**Cantilace Gown**

The bride chose for her wedding a Cantilace gown fashioned with a scalloped, sequin trimmed Sabrina neckline, long tapered sleeves and bouffant skirt of ruffled tiers extending into a chapel sweep.

Her headpiece, fashioned of organza petals and lily of the valley, secured her fingertip veil of illusion and she carried a cascade bouquet of red roses and white carnations.

Mrs. St. John was attired in a pink crepe floor length gown styled with a cotton lace bodice and elbow length sleeves. Matching pink crepe roses with a short face veil formed her headpiece and she carried a circular bouquet of pink roses.

## Events

**Weight Group**

The Weight Control group will meet at 7:30 p. m. Tuesday at the old Jefferson School at 216 S. 15th St.

**B. Of R. T. Auxiliary**

The Ladies Auxiliary of the B. of R. T. will meet at 1:30 p.m. Wednesday in the Elks clubrooms. Hostesses will be Alice Menard, chairman, Rose Anderson, Liz Longtine and Amelia Kidd.

## Methodist Conference Begins Today

The annual Detroit Conference of the United Methodist Church will convene at Adrian College, Adrian, Mich. Tuesday, June 11, through Saturday, June 15.

Dr. Robert Ward, formerly of the First Methodist Church of Marquette, and present pastor of the First Methodist at Adrian will be the host pastor. Bishop Dwight Langer, resident bishop of the Michigan area of the United Methodist Church will preside.

Rev. Robert Selberg, pastor of Central Methodist Church and chairman of the Commission on Camping in the Detroit Conference will give the annual report on the camping program on Wednesday evening.

The reading of the appointments of the ministers to their charges will be held the first day of the conference, instead of on the final day of the conference.

Attending from Central Methodist Church, Escanaba are Rev. and Mrs. Robert Selberg, and Miss Marian Oliver, lay delegate from Central Church.

## Rock

**4-H Meeting**

The June meeting of the Rock 4-H Club will be held on Wednesday, June 19 at 7 p. m. at the club house instead of June 12, the regular meeting night. Dave Tavis and Carolyn Kulack will report on their trip to Club Week.

Pastor and Mrs. Peter Laanen have returned from a vacation trip to the Western states. They visited friends and relatives in Montana, Idaho, California, Oregon and Washington.

William DeBaker of Bucyrus, Ohio visited at the Ronald Beauchamp home and with other relatives in the area.

Bill Bakka and Mary Kay Kaukoia have arrived home from Michigan State University.

Carolyn Kulack and Dave Tavis are attending 4-H Club Week at Michigan State University. They are leaving today by bus with other U. P. 4-H Club members and will return Saturday, June 15.

Mr. and Mrs. Bennie Lippens, Mr. and Mrs. Reino Niemela and Mrs. Lauri Ranta attended the Marquette County 4-H Leader Award Banquet at Harvey Sunday night, June 9. Mrs. Lippens was awarded a five-year leader pin and Mrs. Elmer Linjala received a 15-year leader pin.

Mr. and Mrs. Leo Kulki and Mr. and Mrs. Arvo Kulki returned Friday, June 7, from Big Rapids, Mich., where they attended the graduation of Jeanne and Susan Raninen, daughters of Mr. and Mrs. Emil Raninen.

Richard Rademacher left for Denver, Colo. on Monday, June 3, for a three-week training period.

## Germfask

Sam Williams of Detroit, formerly the Detroit Lions football team, visited Mr. and Mrs. Thurman Skarritt last week.

Mr. and Mrs. Donald McCloud of Ann Arbor spent several days here as the guests of her sister and husband, Mr. and Mrs. Clifford Rose. They also visited relatives at Manistique and Newberry. While here they also purchased a summer home on South Manistique Lake near Curtis.

Pat Smith, who sails on the Ben W. Calvin on the Great Lakes, spent a week at his home here.

Mr. and Mrs. Joseph Smith of Hessel visited his mother, Mrs. Lulu Smith, who is a patient at the Lakefield Rest Home and other relatives here.

Mr. and Mrs. Robert Gilman spent a few days here visiting at the home of his parents, Mr. and Mrs. Harold Gilman and also his brother and wife, Mr. and Mrs. Bruce Gilman and family before returning to Flint.

Romeo Lawrence and Bethany Stoltz who were patients at Schoolcraft Memorial Hospital at Manistique have returned to their homes here.

Mr. and Mrs. William Miller spent a few days visiting in Indiana.

Mr. and Mrs. Harold Lustila Sr., are spending a few days visiting her mother and husband, Mr. and Mrs. F. VanLoo at St. Clair Shores and other relatives in the Detroit area.

MISS RITA ALONA KRUSSELL, daughter of Capt. and Mrs. Helmer Krusell, 126 N. 23rd St., received her B. A. degree, cum laude from Mount Mary College, Milwaukee during commencement exercises held on June 2. A History major, Rita was a member of Delta Epsilon Sigma, president of the Athletic Association, and a member of the International Relations Club and College Choir. She plans to teach in the Milwaukee area on the secondary education level.

## WHY LET TENSION MAKE YOU ILL... AND ROB YOU OF PRECIOUS SLEEP?

THE LECAPTAIN SCHOOL of Dance will present its annual dance recital Wednesday at 8 p.m. at the Escanaba Area High School Auditorium. Over 100 dance and nursery class students will participate. "Dance Varieties," and "Toyland," will be the themes this year. Pictured above are the puppets from Toyland, from left, Linda Stegath, Polly Norton, Kathy Lindsey, Patti Jacobs and Cindy Wagner. Tickets may be purchased at the door or from the dance students. (Daily Press Photo)

## Widows Of Violence Emerge In America

NEW YORK (AP) — In five years of American history, the assassin's bullet has thrust upon the national scene a new type of woman—the Widow of Violence.

The shooting of Sen. Robert F. Kennedy, who died today in a Los Angeles hospital with his wife Ethel at his side, drew attention anew to the procession of tragedy.

First, shortly after midnight on June 11, 1963, a bullet killed civil rights leader Medgar Evers in the doorway of his Jackson, Miss., home.

Lying prone on the floor inside the house as they had been taught to do at the sound of gunfire were Evers' wife Myrtle and their three children.

Five months later, on Nov. 22, 1963, President John F. Kennedy was shot down during a Dallas, Tex., motorcade with his wife Jacqueline at his side.

And two days later Lee Harvey Oswald who the Warren Commission said killed the President was killed by Jack Ruby, leaving Oswald's Soviet-born wife with their two youngsters in an alien country.

On April 4 of this year Nobel Peace Prize winner Dr. Martin Luther King Jr. was slain while standing on the balcony of a Memphis, Tenn., motel, leaving behind his wife Coretta and their four youngsters.

Of these Widows of Violence, only the wife of Oswald has been able to regain a measure of private life. The two widows of civil rights leaders chose to remain in the spotlight to carry on their husbands' crusades. At the same time Mrs. John F. Kennedy remains in the national limelight.

**Just Existed**

"When Medgar died, a part of me died. And I have just existed," said his widow a year after the tragedy. Eventually Mrs. Evers, haunted by memories in Mississippi, moved to Claremont, Calif. where she enrolled at Pomona College. Now 35, she will receive a bachelor's degree on June 8. To help keep her husband's cause alive, Mrs. Evers has written a book, "For Us, the Living." She speaks regularly at NAACP meetings around the country.

A few weeks ago Mrs. Evers said of her widowhood, "You learn to adjust and keep going, but you never get over it."

The courage and gallantry that sustained Mrs. Kennedy

## Heat, Humidity Boost Electricity Demand Record

JACKSON (AP) — The heat and humidity combined to set an all-time record of peak demand for electricity from Consumers Power Co. and Detroit Edison Co., which serve most of Lower Michigan.

Consumers Power Co. said the combined peak was 7,597,000 kilowatts Monday, which exceeded the former record 7,303,000 set Dec. 14, 1967.

The company said there was a tremendous demand for power for air conditioning. Consumer said its demand was 2,876,000 kilowatts and Detroit Edison's was 4,721,000.

## Church Events

**Order of Runeberg**

Order of Runeberg will meet at 7:30 p. m. Thursday at the VFW Hall. Lunch will be served following the meeting.

## NOSE TRICKS

If your nose is clearly out of proportion to the rest of your face, try these tricks: For a short nose, draw a full upper lip to minimize the space between mouth and nose. For a long nose, use a lip brush to extend and widen the corners of your upper lip. For a broad nose, shading is the answer. Experiment by blending brown shading cream down the side of your nose and nostrils.

## Immanuel ILCW Units Meet Wednesday

The June unit meetings of the Immanuel Lutheran Church Women will be held on June 20 as follows:

Brazil, Mrs. Merle Jensen, 9:15 a. m. at the church; New Guinea, Mrs. June O'Neil, 9:15 a. m., Ford River Road; Hong Kong, Mrs. Esther Scott, 1:30 p. m., 704 S. 12th St.; India, Mrs. Ann Jefferson, 1:30 p. m., 311 S. 16th St.; Japan, Mrs. Louise Jensen, 1:30 p. m., 1014 N. 18th St.; Zululand, Mrs. Dagmar Westby, 1:30 p. m. at the cottage; Colombia, Mrs. Mary Martin, 8 p. m., 2654 Lake Shore Drive; Nigeria, Mrs. Betsy Lancour, 8 p. m., at the church.

# DuRoy Sisters' Engagements Are Announced

Patricia DuRoy

Mr. and Mrs. Paul C. DuRoy of 1320 Minnesota Ave., Gladstone are announcing the engagements of their daughters, Patricia and Kay, both of Gladstone.

Miss Patricia DuRoy, a 1967 graduate of Gladstone High School and an employee of Harnischfeger Corp. of Escanaba, will marry Richard Lewis of Escanaba.

The son of Mr. and Mrs. Kenneth Lewis of 314 S. 19th St., he is a 1967 graduate of Escanaba Area High School and is presently employed at the Delta Reporter in Gladstone.

No date has been set for the wedding.

Kay DuRoy

Miss Kay DuRoy is a graduate of Gladstone High School and is presently employed in the office of the Fair Store in Escanaba.

She will marry Ronald Deault, son of Mrs. Jeanette Deault of Delta Ave., Gladstone. The prospective bridegroom is also a graduate of Gladstone High School and is presently serving with the U.S. Navy.

No definite plans have been made for the wedding. (Delta Studio)

## Reformed Church Synod Gives Push To Merger Move

ANN ARBOR (AP)—The general synod of the Reformed Church in America Monday recommended to its 45 judicatories full organization union with the Presbyterian Church in the United States.

The action, the first of three steps to final approval, came almost simultaneously with approval of the general assembly of the Presbyterian Church meeting at Montreat, N.C.

The Reformed Church has some 400,000 members, and the Presbyterian Church about four times that number.

The synod voted 183 to 103 for approval after nearly three hours of debate among three dozen ministers and elders.

A two-thirds vote of approval by the judicatories and a declaratory act of final approval by the 1969 general synod would finalize the union by June, 1969.

## Altrusa Club Members Install New Officers

During a simple ceremony at the regular meeting last night, the Escanaba Altrusa Club installed their new officers for next year.

They are: Mrs. Vera Clairmont, president; Mrs. Marina Chapekis, vice-president; Mrs. Claire Garrard, secretary; Mrs. Mabel Oslund, treasurer; Members of the board are Mrs. Elsie Peterson and Mrs. Betty Gou-lais.

Miss Tyne Kangas was the installing officer, assisted by the retiring President, Mrs. Margaret Gilbert.

Following the installation, Mrs. Clairmont and Mrs. Alice Fawcett gave reports on the district convention held at North Platte, Neb., in May. District seven includes the North Central states and a part of Canada.

It was at this meeting that the Escanaba chapter received the award for holding first place in membership gain during the past year.

Mrs. Clairmont told the club that the international focus in the next two years is to be on Latin America. She also reported that many more scholarships are to be made available at all levels for technical training.

In other business, the club voted a donation to the Bay Cliff Health Camp, one of the projects they have supported since the club's foundation.

Cotton is recognized as the most versatile and useful of all textile fibers.

MISS PENNY LOU JOHNSON, daughter of Mr. and Mrs. Marvin S. Johnson, 913 S. 16th St., has been awarded the silver wings of an American Airlines stewardess and has now been assigned to flight duty out of Chicago. She received her wings as a graduate in the 12th class this year at the American Airlines Stewardess College, Fort Worth, Texas. Miss Johnson graduated from Escanaba Area High in 1965 and attended Bay de Noc Community College. She was chosen, "Miss Delta County", in 1967 and participated in the "Miss Michigan," pageant. She was first runner-up in the "Miss National Cherry Queen," at the National Cherry Festival held in Traverse City.

## People

Pam Dunford departed from Escanaba by plane, June 6 for a 14 day trip to Niagara Falls and Toronto, Canada. On her return trip home she will stop over in Battle Creek, to attend the wedding of her cousin and will then go on to Ypsilanti, where she will visit with Mr. and Mrs. R. T. MacGillis.

There are several ways you can give cotton garments a custom-finished look when you sew. Here's one: use the zig-zag attachment on your machine to finish inside seams. The garment will look better and wear longer.

## Church Events

**First Methodist**

# Area Voters Again Reject School Millage

## Alimenti, Kaziateck, Wellman, West Win

By DAVE ANDREWS

Members of the Escanaba Area Board of Education — including three new members elected Monday — and the school administration had two pressing questions to answer today:

1. Why was the district's millage proposal Monday rejected for the fourth straight time?
2. What is the next move in an effort to bail the school system out of its present financial crisis?

The Board of Education will meet in regular session at 8 p.m. today at the school administration building, but there has been no advance indication of what moves might be forthcoming.

The district expects to end 1967-68 operations with a \$90,000 debt and anticipates an additional deficit in excess of \$200,000 for 1968-69 if no additional revenues are obtained. The only source for financial assistance is local millage and voters of the district have defeated tax proposals four times since last August.

The Board could elect to postpone a decision on the district's financial crisis until after the reorganization meeting in July, but by doing so might limit the number of elections which could be scheduled before the Aug. 30 deadline to get a tax increase on this year's tax rolls.

Any millage voted after Aug. 30 would not produce revenue to the school district until the 1969-70 school year.

**Board Elected**

Dr. Donald Alimenti, 1021 Lake Shore Dr., and Ralph Kaziateck, 1608 S. 15th St., won four-year terms on the school board Monday, defeating Robert Fontaine, 1608 S. 16th St., and Elmer Bessonon, 2455 1st Ave. S., in a four-man race.

Daniel Wellman, Rte. 1, Bark River (Ford River) was unopposed for election to a two-year term and Kenneth West, 626 S. 17th St. also was unopposed for election to a one-year term.

Alimenti, Kaziateck, Wellman and West all will be seated

officially at the board's reorganization meeting in the first week of July.

Kaziateck is currently serving an appointed term. This was his first bid for election.

Holdover members of the Board of Education are Albin Pearson Jr. and Wheaton Strom of Escanaba and Richard Hanson of Wells.

Leaving the board at the end of the month will be Mrs. Robert Mosenfelder, Roland Collins, and Claude Bohn.

**Disappointment Again**

Members of the school administration, including Supt. Luther M. Barrett and Business Manager Stephen C. Baltic, expressed disappointment Monday night as the vote totals on the millage proposal were tabulated in the school administration building.

The district had asked for 5.4 mills for two years to meet operating expenses.

Negative totals increased in all 10 precincts as over 50 percent of the registered voters of the district cast ballots. Only three precincts — the Delta County Building, and East and West Hall at Bay de Noc Community College — favored the issue.

Even in those precincts, however, the winning margin was smaller than it was last month when the same proposal lost by only 162 votes.

The difference Monday was 554 votes.

A total of nearly 4,800 voters of the 9,014 registered voters in the district cast ballots in one of the largest turnouts in recent years. About 200 voters, however, either failed to vote on the millage proposal or had ballots nullified by incorrect use of voting machines, which were used in all precincts except Cornell.

The total vote on the millage issue was 4,584.

Election officials said that voters using machines must leave levers depressed for their votes to be tallied. Depressing the lever, then pushing it back to its original position has no affect.

MRS. EMMA WEBER, left, of 501 S. 11th St., and Alfred Provencher, 1123 N. 18th St., signed preliminary applications for senior citizens housing Monday at the City Hall. John Gannon, standing, chairman of the commission, received the applications, which will be used by the commission as a guide in determining the number of housing units to seek in applications to the federal government. (Daily Press photo).

## Peninsula Voters Defeat Millages

Voters on major school millage proposals in the Upper Peninsula Monday reversed a state trend toward passage.

The Associated Press reported that three times as many Michigan school districts approved tax increases or bond issues as turned them down, but in the Upper Peninsula issues were defeated in Menominee, Kingsford, Marquette and Alger Counties and Iron and Dickinson Counties.

Escanaba Area school also lost a millage proposal with voters rejecting 5.4 mills for two years by a 554 vote margin.

The Marquette-Alger Intermediate School District proposals to build a vocational-technical education center and to operate it were soundly defeated.

The \$2.7 million bond issue lost 5,010 to 2,962 and a proposal to levy 1.9 mills to operate the center was defeated 5,106 to 3,556.

At Menominee, a request for 7.75 mills for operating expenses of the Menominee school district was defeated by 84 votes, 1187 to 1103.

Breitung Township voters (Kingsford) defeated a five-

## Housing Body Elects Gannon

John Gannon, 2651 Lake Shore Dr., was reelected chairman of the Escanaba Housing Commission at a meeting of the commission Monday at the City Hall.

William Winkler, 1102 S. 15th St., was reelected secretary.

The commission is asking all citizens 62 years of age and older to sign a preliminary application for senior citizens housing. The applications will be used as a guide by the commission in determining how many units of housing to make application for with the federal government.

The Housing Commission stressed that the proposed senior citizens housing project is a long-term project and will be in Escanaba for many years. Most cities, the commission, said, do not apply for enough units in the first project.

Preliminary applications will be reviewed by the U. S. Department of Housing and Urban Development office in Chicago before determining the number of units allowed to Escanaba.

To date, about 200 applications have been submitted.

## Schrade Didn't See Assailant

LOS ANGELES (AP)—One of five bystanders wounded when a burst of gunfire killed Sen. Robert F. Kennedy said from his hospital bed Monday, "I did not see him go down."

Paul Schrader, regional director of the United Auto Workers and a personal friend of the Kennedy family, also told a hospital news conference that he doesn't know his own assailant.

The shootings took place last Wednesday, at the height of festivities celebrating Kennedy's victory in California's Democratic presidential primary the day before. Schrader, 43, was hit in the head.

The labor official, his head wrapped in bandages, said he was only five or six feet away but did not see Kennedy fall. He had been with the senator and campaign aides in a fifth-floor suite of the ambassador hotel several hours before the senator made his victory speech to about 1,000 persons in the Embassy Room.

Schrader said he had been questioned by the FBI but was not summoned as a witness before the grand jury that indicted Sirhan because "I saw nothing in terms of prosecution."

The bullet pierced Schrader's skull and several fragments were removed. A steel plate was discussed but doctors decided against it for the time being.

Schrader was asked why Kennedy and his party left the Embassy Room through the pantry passageway.

He replied: "That's the way we came and that's the way we were told to go out."

## Detroit Streets Hit By Blackout

DETROIT (AP)—A power failure blacked out street lights in downtown Detroit for about an hour Monday night, the Public Lighting Commission reported.

The trouble was traced to a underground feeder cable along Woodward Ave., the city's main street.

Street lights were out in eight blocks of Woodward and several blocks on either side of the street. The power failure did not effect lights in business places.

Women own the land on the San Blas Islands, which lie from two to 10 miles off the coast of Panama.

## Area Passes 5 Millage Issues And Defeats One

In a flurry of millage and school board elections in the area, five tax increases were favored and one defeated.

Voters of the Powers-Spalding School District narrowly defeated a proposal of five mills for one year for operating expenses, 242 to 229, a margin of 19 votes.

Yet this district's voters cast their ballots 289 to 173 in favor of a proposal asking for an additional  $\frac{3}{4}$  mill for the special education program of the Menominee Intermediate School District.

Irving Hafeman and Walter Peterson were elected to two 4-year terms by Powers-Spalding voters with totals of 307 and 319, respectively. Walter Veraghen received 160 written votes.

**Bark River Vote**

In the Bark River-Harris District Schools elections incumbent Carl Ahlin and Wayne Hooker with totals of 226 and 181 defeated Victor Wolf and Lewis Gryzb, 172 and 115, for the two 4-year terms. Unopposed Eugene Hanson received 330 votes in his 3-year term bid, while John Bloniasz was elected to the 1-year term with a total of 262 votes compared to the 101 votes received by his opponent, Terrence Glimm.

Bark River-Harris voters affirmed the board's request for an additional 5 mills for 3 years for operating expenses, 284 to 191. Superintendent Gerald Ritenburgh remarked today that the overwhelming yes-vote "indicates that the people in the district place a high value on education."

**Trenary Votes Yes**

Trenary voters passed two millage proposals, one for 2.9 mills for a vocational-technical school in the Marquette-Alger Intermediate School District, 80-40. They also approved a bond issue which would allow this district funds up to \$2,700,000 for the construction of a vocational school. The bonds passed 69 to 43. Trustee positions on the local school board were also approved by the Trenary electorate for unopposed candidates Toivo J. Aho and George J. Webber.

**Flat Rock OK's Millage**

Flat Rock (Escanaba Town-

ship) voters approved a 1.3 millage proposal for full participation in state aid, passed 81 to 26, while unopposed 3-year term candidates Ronald Nelson and Charles Hughes received respective totals of 86 and 88 votes.

**Rapid River**

Rapid River candidates Floyd Roberts, 149 votes, and Harry LaBumard, 121, were elected to the two 4-year posts of the Rapid River district, defeating Henry Vietzke, Anthony Pural and Paul Smith who tolled 72, 98, and 46 votes, respectively. John T. Miller, unopposed, was elected with 209 votes to fill the unexpired portion of a 2-year term.

**Baldwin Votes**

Edith McNutt and Kenneth Depuydt were elected to fill two 4-year terms by the voters of the Baldwin Township district in Perkins. Mrs. McNutt, the only candidate on the ballot, received 37 votes, whereas Depuydt won with 20 written votes.

**Rock Elects**

Rock voters returned Helen Johnson to its district's board with a ballot total of 45 votes. Florence Ray Berg was also given the nod for a 4-year term. She received 33 votes.

**Big Bay Millage**

The Big Bay de Noc district

## Dream Can Be Lived: Harden

SAULT STE. MARIE — Dr. Edgar L. Harden, president emeritus of Northern Michigan University, stressed the importance of an autonomous board of control for Lake Superior State College during his commencement address at LSSC Saturday.

Dr. Harden said that the quicker this can be done, the better it will be for LSSC, which he defined as a growing and an emerging college.

"Your impossible dream will become real when the college implements a stronger and diversified program of liberal arts," said Dr. Harden.

The speaker pointed out several key factors which would make LSSC's "Impossible Dream" a reality.

He cited the importance of financial support. "I'm not speaking only in terms of financial support from the Legislature, but also private sources," Dr. Harden asserted. "No institution can prosper as it should without backing from many different sources. Continue to develop this support within your own community. It must be maintained and must remain positive."

"Your dream will also come to realization when students and faculty develop a unity and purpose which transcends the narrow and personal interests to which many of us seem to be too much dedicated today."

Dr. Harden pointed out the need for developing better understanding between education and the business community. It is my judgment that his is one of the imperatives today. Education, whether we will it or not, is big business, and it is getting bigger. Sixty billion dollars in the United States, and more than one in every four Americans are being directly engaged as either full time students, teachers or administrators," he said.

**Bodies Of Two, Plane Wreckage Found Monday**

ROSCOMMON (AP) — The bodies of two Troy men, whose missing plane had been the object of a massive weekend search, were recovered Monday amidst the wreckage of their aircraft five miles southeast of this north central Michigan community.

The victims were Harry Kitchener, 25, and Frank Tweedale, 24.

Their single engine Navion disappeared late Friday night on a flight from Antrim County Airport to Birmingham.

The wreckage, spread over a wide area, was spotted by Capt. Vern Pichell of Bay City, one of 20 pilots taking part in the search Monday.

**Girl, 10, Drowns**

LANSING (AP)—A 10-year-old Lansing girl drowned Monday in a gravel panning. A companion, 11-year-old L. Stuble was with her in the water-filled pit when she went under. City police recovered the body from 18 feet of water.

electorate approved both a 5-mill levy for two year's operating expenses, 207 to 79 (totals are approximate), and salary increases for the school's secretary and treasurer, 157 to 119. A tabulation of three of the district's four precincts indicates that Robert Johnson defeated Catherine Mercier for the board's only 4-year term. Also tentative is the election of William Haindl to the 3-year term and Floyd Pomeroy to the 1-year term. Both ran unopposed.

## Sirhan To Pick Lawyer Soon

LOS ANGELES (AP) — The man accused of killing Sen. Robert F. Kennedy will choose a lawyer soon, says the American Civil Liberties Union.

The announcement came as investigators continued to probe the murder and Sirhan Bishara Sirhan, 24, remained under tight security guard at Los Angeles County jail. An ACLU lawyer talked with Sirhan.

Ed Cray of the ACLU's Southern California chapter said Superior Court Judge Richard Schauer would confer with officials of the county bar association to choose attorneys from "more than a dozen top lawyers" who have volunteered to take Sirhan's case without pay. He wouldn't name the lawyers.

The status of the investigation into the shooting of the New York senator during a celebration of his victory in the state's presidential primary remained secret.

Law enforcement officials, public officials and others connected with the case have been enjoined from discussing details. Superior Court Judge Arthur L. Alarcon's security order came Friday when Sirhan was arraigned on one charge of murder and five counts of assault with intent to commit murder.

## Teen Car Theft Ends In Crash

Escanaba police report that they apprehended three youths, one 13 and two 14, after the stolen vehicle in which they were joy-riding was involved in an accident last night. The youths reportedly stole an orange pick-up truck belonging to the City of Marquette, Wis., from a parking lot behind the city's firehall.

The boys then drove the vehicle directly to Escanaba, where they alternated drivers until one of them, turning south on 16th St. from 3rd Ave., failed to negotiate the curve and collided with the curb. Knocking off the left front wheel.

By 11:30 p.m. Escanaba police had learned the ownership of the vehicle and had called one of the boys' parents to transport them back to Marquette, where they will be referred to juvenile court.

## Briefly Told

**Circuit Court jurors** have been excused from duty until 9:30 a.m. Monday, June 17, when they should report to the courtroom in the Delta County building.

**An assault and battery** complaint against Roger Pellinen, Rte. 1, Gladstone, was dismissed Monday in Municipal Court. State Police, who arrested Pellinen, said his wife who signed the complaint asked that it be withdrawn.

**Ann Pearson of Perkins** was admitted to St. Francis Hospital Monday night after she suffered a head injury when struck by a thrown rock. Details on her condition were not available this morning. State Police said she was injured about 10:30 p.m. Officers are continuing to investigate.

**Fourteen members of the staff** of the Sault Ste. Marie office of Metropolitan Life Insurance Co. are in St. Charles, Ill., for a business conference. The local office, under supervision of Manager Paul Freeman, has a staff of three agency managers, 22 agents and four clerks.

**Cub Pack 415** will hold a pot-luck supper on the East side of Pioneer Trail Park, Wednesday beginning at 5 p.m. Members are to bring their own table service, beverage and a hot dish or salad.

**Leaders of Cub Pack 471** will meet at 7 p.m. today at the James T. Jones School.

## SDS Delegates At MSU Are Warned: 'Keep Cool'

EAST LANSING (AP)—"Cops are uptight . . . so please keep cool."

This was the word to delegates opening the national convention of Students for a Democratic Society (SDS) as several hundred young people — 450 reportedly registered as of Sunday night — converged on the Michigan State University campus.

The activist society was represented by chapters from New

England to Hawaii, Michigan to Texas and the delegates were as varied in appearance as their environments: some with flowing hair, others neatly dressed collegians.

Chief order of business was election of a steering committee and afternoon-long discussion workshops on the past year's activities by the society.

Newsmen were barred from the sessions pending determination of a press policy from the convention floor.

Above the registration desk in the student union, delegates were met with this admonition: "Drug busts have happened here this week (a la Stony Brook), issues have been politicized. Cops are up tight so . . . please keep cool."

The sign referred to the arrest last week of seven students and five nonstudents on charges of selling narcotics. Student protests after the arrests led to violence-punctuated demonstrations

and the arrest of 26 other persons on charges ranging from trespassing to assaulting a police officer.

Accommodations for delegates, arranged by the Michigan State SDS chapter, included church halls and floors of friends' apartments.

An instruction sheet offered by the hosts suggested where delegates might eat, drink, swim and pay for convention attendance—\$5.

As the convention opened, several other organizations — principally the Young Socialists and Progressive Labor Party — manned booths in an attempt to win support and sell literature and buttons saying "resist" and "I am the American."

One SDS delegate told a reporter to pay no attention to those booths. "They're the grazies," the delegate said. "They're not SDS."

The agenda for the week-long convention calls for numerous workshops on summer work, the direction of the movement and national direction, as well as a panel discussion on "racism and white response to black rebellions."

The "national convention plenary" was to discuss major resolutions and elect new national officers later in the week.

## Congress Creates Nine Judgeships

WASHINGTON (AP) — Congress completed action Monday on a bill creating nine additional judgeships for the U.S. Circuit Court of Appeals.

The bill was sent to the President with the Senate's acceptance of a House amendment providing for one additional judge on the 6th Circuit Court (Kentucky, Michigan, Ohio and Tennessee) for a total of nine.

## Brown Assault Case Dropped

HOLLYWOOD (AP) — Authorities have dropped an assault case against former pro football star Jimmy Brown in connection with a high-fashion model found injured beneath his second-floor balcony. But he still may face a charge of battery against a police officer.

Deputy Dist. Atty. Phillips Mueller said his office would not issue a complaint because of insufficient evidence. After his arrest Brown had been booked on suspicion of assault with intent to commit murder.

"There was not sufficient evidence to convict," Mueller said Monday. "This is aside from the fact that the woman would not sign the complaint." He added, however, that a complaint could be issued if "some evidence turns up in the future."

The German-born model, Eva Marie Bohn-Chin, 22, hospitalized in fair condition, wasn't available for comment.

Mueller said his office will file a complaint charging Brown with battery against a police officer, a felony.

## James E. Boyle Dies On Sunday

James E. Boyle of Kenosha, Wis., a former resident of Escanaba, died Sunday, June 9 at the Kenosha Hospital after a lengthy illness. He was born Oct. 16, 1930, in Escanaba.

He is survived by his wife and seven children, his mother and six sisters.

Funeral services and burial will be held Wednesday in Kenosha.

**Newspaper Want Ads are a big sell!** One billion, twenty-one million was spent on classified ads last year . . . more than for all magazine advertising combined and more than 300 million more than radio advertising.

# Baseball Signup Set At Club 314

Registration for recreation league baseball and softball will begin at Club 314 on Wednesday, June 12, at 10 o'clock in the morning, and continue through the next two weeks from Monday to Friday. Blanks may be picked up from 10 a.m. until noon and from 1:30 to 4:30 in the afternoon.

Each year the recreation department enrolls about 300 boys who do not belong to any organized group in the city. The leagues are intended to serve youngsters who are anxious to play ball but are not playing in Little League or Babe Ruth League. The program operates informally and uniforms are not provided.

Boys from 7 to 9 years of age are placed in the Beginners League and boys 10 to 13 are enrolled in the Junior League. If there is sufficient interest a Cadet League will be organized for boys 14 to 17. Boys in the Junior and Cadet Leagues may also play softball.

Games will be scheduled twice a week at Royce Park and once a week at Webster Playground. Beginners will play in the morning and the other age groups will have their games in the afternoon.

Specials periods of instruction are scheduled each week and boys are taught to throw, hit, slide, and run bases. Participants are given an opportunity to try several positions on the field and are guided in the one that is most suited to their abilities. Sportsmanship is emphasized and every precaution is taken to prevent accidents and injuries.

Teams will be organized during the week of June 17 and official play will begin on June 24. No tryouts are necessary and all registered boys will be placed on a team. The only requirement is a desire to play ball for fun.

Boys are excused from games and practice sessions when these activities conflict with family vacations, Bible Camp, Boys Scout Camp, Band Camp, and swimming lessons.

The recreation department furnishes all necessary equipment including safety gear. Boys are expected to provide their own baseball gloves which should be plainly marked with the owner's name. Each week's schedule will appear in the Saturday edition of the Escanaba Daily Press and will be announced over Radio Stations WDBC and WLST.

Boys are asked to pay a 50 cent fee when they register in order to be eligible for the annual picnic at the close of the season.

# Merchants Keep Perfect Record

The Escanaba Merchants took over sole possession of first place in the Escanaba Softball League with a 3-2 triumph over the previously unbeaten Teamsters.

Bill McGovern of the Merchants won his third game of the young season and Bill Grobleau was tagged with the loss. The Merchants now stand 5-0 in league play and the Teamsters are in second place with a 3-1 mark.

The Merchants opened the scoring in the top of the first with three runs on one hit and two Teamster errors. The Teamsters scored in the third inning when Tom McKee, Jim Bruce and Ed Gauthier all hit safely.

The Teamsters made an all out attempt to knot the score in the bottom of the seventh inning when Frank Trotter tried to score on a single and overthrow to second base. Only a strong throw from Roger Martinsen to catcher Tony Derkos prevented the run from scoring as Trotter was tagged out at the plate.

In Junior League action, Mead Jr. defeated the Raiders, 7-3.

**Games Tonight**

6:45 — Raiders vs. AMVETS  
8 — Flat Rock vs. Michigan Hotel

# Maddox Agrees To Tiger Terms

UNION, N.J. (AP) — Elliott Maddox, a right-handed hitting outfielder who batted .393 for the University of Michigan this year, signed a baseball contract Monday with the Detroit Tigers.

Maddox, a 20-year-old sophomore at Michigan, had been the Tigers' first choice in the supplemental draft held in New York last week.

Terms of the contract were not announced, but it was believed that Maddox received a bonus.

He was signed to a contract with Batavia in the Class A New York-Penn League and will be sent to the Tigers' minor league training base in Lakeland, Fla.

# SHAVING STROKES

# Impact And Downswing

Written for Newspaper Enterprise Assn.

To review briefly, there are three basic parts to the striking of a golf ball — backswing, downswing and followthrough. After you've reached the top of your backswing, somehow you're got to get the club down and through the ball — slowly, smoothly, very firmly. I personally advocate the use of the left side of your body — that is, uncoiling and initiating the swing with the left side in a lateral rotating motion. This automatically drops the hands into the hitting area.

You don't start the downswing with the hands.

On theory, you should take the club straight back and then bring it straight through on the downswing. Obviously, this is almost impossible because of the way we're built. Our arms want to swing around — more horizontally than they do vertically. Put a man on a revolving pedestal and let the arms hang loosely, then spin the pedestal and his arms will swing out in a horizontal motion, never in a vertical golfing type of swing.

Now they talk about a grooved swing, the club in the same arc going back and coming down. Well, a fellow like Gay Brewer has a loop at the top of his swing. He never gets back in the same groove because the arc he started with is not where he wants to get back. He starts back to the outside and goes to the inside.

Gay has unusual club control. Most golfers are better off starting back on the inside and returning outside.

RUNS FROM FLAMES — Ray Darnell of Deerfield, Ill., sprints away from fiery three-car pileup yesterday at 150-mile big car race in Milwaukee. Norm Brown of Detroit, his helmet visible between left margin and flames, received severe burns and Ronnie Duman of Dearborn, not pictured, was fatally injured. (AP Wirephoto)

# Maris Powers Cardinals To Victory Over Braves

By The Associated Press

Roger Maris' tender heel probably hurts a lot less than Phil Niekro's scraped knuckles after their most recent duel at 60 feet, 6 inches.

Maris limped out of St. Louis starting line-up Monday night with a bruised heel after smashing a two-run third inning homer that knocked out knuckleballer Niekro and powered the Cardinals to a 4-3 victory over the Atlanta Braves.

After the ailing outfielder's third homer snapped a 2-2 tie, southpaw Larry Jaster and rookie reliever Wayne Granger made it stand up as the National League leaders beat the Braves for the ninth time in their last nine meetings, beginning last season.

The New York Mets nipped Los Angeles 1-0 in 10 innings on Tom Seaver's four-hitter and Al Weis' run-scoring single; San Francisco whipped Pittsburgh 8-0 behind Juan Marichal and the Chicago Cubs downed Cincinnati 4-3. Houston and Philadelphia were idle.

Maris' homer, which followed a double by Lou Brock, saddled Niekro with his fifth loss in 10 decisions while inflating his earned run average to 4.19. Last year, the Braves' flutterball artist paced major league starting pitchers with a 1.87 ERA, allowing just 43 earned runs in 46 appearances. This year, he has yielded 38 in 13 games.

"His knuckleball's not as good as last year," observed Cards' slugger Orlando Cepeda. "It's easier to follow."

The Cardinals scored two second inning runs on singles by Cepeda, Tim McCarver and Mike Shannon plus a ground out. Deron Johnson and Bob Tillman tagged Jaster for homers in the bottom of the second, tying it 2-2.

Granger replaced Jaster, 5-2, in the eighth with two on and one out, gave up a run-scoring single to Hank Aaron and then got Joe Torre to bounce into a double play before checking the Braves in the ninth.

Seaver stopped the Dodgers' winning streak at seven games in a tight duel with loser Don Sutton, who allowed only three hits until the 10th. Then Ron Swoboda walked, took third on Kevin Collins' single and scored the game's only run on Weis' single to center.

The victory gave Seaver a 4-5 mark while Sutton, who struck out 10 slipped 3-6 on the year.

Marichal, winningest pitcher in the majors, fired a four-hitter for his first shutout of the season and 11th victory against two setbacks. The Giants' ace struck out eight on the way to his seventh successive triumph.

Willie Mays and Ollie Brown

# Way Cleared For Clay To Appeal Conviction

NEW ORLEANS (AP) — The way has been cleared for Cassius Clay, the boxer stripped of the world's heavyweight title when he refused to accept induction into the Armed Forces, to appeal his Federal Court conviction to the U.S. Supreme Court.

Charles Morgan Jr., an Atlanta attorney for the American Civil Liberties Union, said Monday after the 5th U.S. Circuit Court of Appeals rejected a request for an "en banc" rehearing of Clay's conviction, that he would appeal to the nation's highest court within 30 days.

The Supreme Court is expected to adjourn sometime this month until early October and presumably won't act on the Clay appeal until the fall.

The nine justices may simply refuse to review the five-year prison sentence and \$10,000 fine meted Clay after his conviction in U.S. District Court at Houston, Tex., last June 20.

It could be as late as next spring before any decision is reached if the Supreme Court decides to review the case.

"It's all in the hands of Allah, now," said Clay in Chicago, adding that he wasn't surprised about the New Orleans appellate Court decision.

A normal three-judge panel of the 5th Circuit Court had upheld the conviction in an opinion issued here May 6. It rejected the claim by Clay, who prefers his Black Muslim name of Muhammad Ali, that he was a valid conscientious objector to military service because he is a minister of the sect.

His attorneys asked the entire 13-man appeals court to review the appeal "en banc." Mondays one-sentence opinion issued here simply denied a rehearing.

In a highly publicized move April 28, 1967 at the Houston Induction Center on April 28, 1967, the Louisville, Ky., native refused to take the traditional one step forward which signifies induction into the Army.

Boxing associations stripped him of the heavyweight title even before his trial at Houston on charges of refusing induction.

When he was convicted a year ago, a Federal attorney predicted it would be 18 months before Clay would be jailed.

The 5th Circuit Court, in an unrelated opinion issued here Monday, commented that "piecemeal, post-conviction, collateral litigation of issues" drags many cases on for years.

Because Clay's attorneys might find some points not covered under the current appeal that they consider reversible, the case conceivably could go back through the entire appellate route again in the event the boxer doesn't win this time before the U.S. Supreme Court.

Clay has been free on a \$5,000 appeal bond.

# Cooks Captures Waubung Victory

Neil Hartman pitched and hit the Cooks American Legion baseball team to a 2-1 victory over Schaffer in Sunday's Waubung League opening game for both teams.

Hartman relieved starter Alan Landis for Cooks in the fifth inning and received credit for the victory. Hartman also had three hits and drove in both Cooks' runs. Jim Butryn was charged with the loss for Schaffer.

# Hotel People Concerned Over Tiger Fever Spread

DETROIT (AP)—People are catching Tiger Fever ahead of Hay Fever this year.

Hay Fever, of course, comes with the blooming of the golden rod and rag weed. Tiger Fever, on the other hand, is spread by baseball bugs.

Signs that Tiger Fever is spreading come from requests for World Series reservations reaching the Detroit Baseball Co. and downtown hotels. And each time the American League Tigers stretch their lead, a few more people catch it.

Hotel people are concerned that if Detroit captures its first American League pennant since 1945—23 long years ago—they may be in trouble.

Not that they couldn't take care of a normal series crush of visitors, but billed to start Oct. 6—when the fourth game of the series would be played here—is the annual convention of the National Association of Funeral Directors.

Which caused one wag to remark: "That'd be just what Detroit needed if we lost in four."

Incidentally, neither the baseball club nor the hotels are taking any if-coming reservations yet, even if Bill Rigney of the California Angels did say a few weeks back Detroit was the club to beat for the pennant.

The Sheraton-Cadillac, the city's largest hotel, has reserved 750 of its 1,200 rooms for the funeral directors.

And if the Tigers were to win, it would naturally be expected to take care of the nine other American League clubs which stop there during the season, and it has promised Watson Spoelstra of the Detroit News, president of the Baseball Writers Association, to hold back 50 rooms for newsmen and turn its grand ballroom into a press room—if.

William Goldsberry, Sheraton-Cadillac manager, says requests for series reservations come in one or two a day, and more if the Tigers happen to sweep a double-header. But he adds: "A lot of things can happen in four months."

Kathy Graham, of Sheraton-Cadillac reservations, thinks at least two people in Anaheim, Calif., took Rigney seriously about the Tigers possibly winning it all. She got a long-distance call for two rooms right afterward.

And some Detroiters are asking the Sheraton-Cadillac, without success so far, to line up October reservations for them at its sister, Sheraton-Jefferson, in St. Louis—if the Cardinals are National League champs again.

James Ransom, public relations director, had a call from a Montreal hotel friend who took care of him for Expo '67, saying he was looking for a return of the favor come World Series time.

The Ponchartrain, the city's newest hotel, said it had received "quite a few requests" for reservations—if the Tigers win the pennant—but is advising all that it isn't making any just yet. The Statler-Hilton reported no requests for series reservations yet, but a spokesman said: "It looks pretty good, doesn't it?"

The baseball club returns form letters to those applying, saying tickets will not go on sale until the commissioner of baseball sets prices, dates and the like.

Detroit Manager Mayo Smith and Coach Wally Moses, who live at the Sheraton-Cadillac, report that everywhere they go friends ask their help in getting tickets and reservations—just in case.

If the series' follows the usual pattern it will open in the home of the National League winner Oct. 2. The second game would be played there Oct. 3, with Oct. 4 used for travel.

That would put the series in Detroit—if on Saturday, Oct. 5, for a three-game stand. The funeral directors are due in the next day, Oct. 6—so there's some finger-crossing to ward off whatever omen that might portend.

# Brown Accepts Part-Time Role

DETROIT (AP) — Gates Brown, the best pinchhitter in the major leagues, would rather play every day but he's become resigned to the role of "Three swings when we're behind" as the Detroit Tigers pursue the American League pennant.

Despite his eight hits in 12 pinch at-bats, the 28-year-old left-hand batter is well aware Manager Mayo Smith would rather use Al Kaline, Mickey Stanley, Jim Northrup and Willie Horton, all of whom have better arms and defensive range.

"I'm resigned to the fact that I just ain't going to play," says Brown, a six-year veteran who hit a pinch home run in his first time at bat in the majors.

So far this year in 14 pinch hitting appearances, Brown has slammed a game-winning homer, a triple, two doubles, four singles and walked twice. He has 10 hits in 19 trips for a .525 average overall.

"I don't know what it is," says the 225-pound slugger from

# Tigers To Open Twins' Series

DETROIT (AP) — The Minnesota Twins open a four-game series against the American League-leading Detroit Tigers tonight with a two-night double-header.

The idle Tigers lost a half game Monday when Cleveland beat Oakland 7-2, to move to within three games of first place.

Manager Mayo Smith plans to start either John Hiller or Pat Dobson in the opener and Joe Sparna will pitch the nightcap.

The Twins will be without second baseman Rod Carew, who went on two weeks military duty Monday.

The twinbill will start at 5:30 p.m., an hour earlier than twin-nights last season. A crowd of about 30,000 is expected for the game.

Guard Engineers To Start Training At Camp Grayling

LANSING (AP) — Michigan's first National Guard troops will move to Camp Grayling for summer training exercises in mid-June, Guard headquarters reports.

Michigan's Co. e, 113th Engineer Battalion, 107th Engineer Battalion and the 1st Platoon, 746th Ordnance Co. will train at the camp from June 15-19.

They will be joined by armored units of the Ohio National Guard. Some 6,000 men will be in training during the period. The main body of the state National Guard will train at Camp Grayling July 13-27. They will be joined by units from Indiana and Ohio for a total of another 6,000 men.

From July 27-Aug. 17 there will be some 8,000 men in training. Michigan units at the camp will be joined by additional units from Indiana and Ohio. Guard headquarters warned that between June 15 and Aug. 17, roads will be heavily traveled by slow-moving military convoys, particularly on weekends.

Powers-Spalding

Mr. and Mrs. Paul Campbell of Seattle, Wash., spent two weeks with friends and relatives in the area. Mrs. Campbell is the former Jeanne DeRocher, daughter of Mr. and Mrs. Eugene DeRocher, Sr., of Rte. 2, Bark River.

Mr. and Mrs. Art Schaffer and girls of Milwaukee and Dr. and Mrs. John Konnak of Ann Arbor visited with Mr. and Mrs. Joseph LaFleur of Bark River for a few days. Mrs. Schaffer is the former Pat LaFleur and Mrs. Konnak was Betty LaFleur. Miss Pearl Stenberg, Milwaukee, a friend of the LaFleurs, was also a guest at their home over the week-end.

4-H Club

The Roving Horsemen 4-H Club will enter 11 horses in the horse show to be held at the Floyd Wangerin farm in Stephenson, Sunday, June 23. The club met Tuesday evening at the Robert Meintz home and received literature on the training of horses.

They attended the horse show at Nine Mile farm on June 2 and Miss Sue Fleenor received second place in the Western Pleasure riding class and a third in Ribbon Race. Members are asked to meet at the Joseph Prestay farm to practice for the events, at 1 p. m. Saturday, June 8. The next meeting will be held at the Leo Pietsch farm Monday, June 17.

Altar Society

The St. Anne Altar Society met in the parish hall Monday evening with 32 members present. Plans were made for a pot luck supper to be held along with the regular July meeting at 6 p. m., July 25, at the parish hall.

Present Circle chairmen are to meet privately and appoint one member to the nominating committee. This committee will meet at the July meeting. Elections will take place at the August meeting. St. Mary's Circle is in charge of the August activities.

Lunch was served Monday evening by the Carmela Circle, Mrs. Donald Graham and Mrs. Edward Paquin, co-chairmen.

Fishing Derby

DETROIT (AP) — The Detroit Department of Parks and Recreation has set the date for this year's Kids' Fishing Derby. The Derby, set for Saturday, is open to children between 7 and 15 years old. Prizes will be awarded for the boys and girls who catch the first fish, the largest fish, the longest fish and the most fish. The events will be held on Belle Isle.

EVEN IF LAS VEGAS doesn't turn you on and the only market you're familiar with is the corner grocery, you still play the odds when you're at work. It's the one game you could play for keeps. What are your chances of suffering serious injury — or even death — on your job? According to Department of Labor statistics, 14,000 to 15,000 persons are killed, more than two million disabled and more than seven million injured each year in on-the-job mishaps. Chart lists some occupations and the number of years statistics say you may expect to labor without a disabling accident at work.

Court Upholds Textbook Loans To Private School

WASHINGTON (AP) — The Supreme Court upheld Monday a New York law that requires public school systems to lend textbooks to children in parochial and other private schools. The 6-3 decision, given by Justice Byron R. White, said: "We hold that the law is not in violation of the Constitution."

Justices Hugo L. Black, William O. Douglas and Abe Fortas dissented. Chief Justice Earl Warren and Associate Justices John M. Harlan, William J. Brennan Jr., Potter Stewart, Thurgood Marshall and White made up the majority.

The decision rested heavily on the view that parochial schools serve a secular educational function as well as a religious educational function.

Church Events

Grace Circle of First Lutheran Church will meet at the Esther Mathison cottage on Schawe Lake Thursday at 2:30 p.m. Those planning to attend are asked to bring their own table service and folding chair if possible. Due to the limited parking space all those who are planning to drive are asked to take as many as possible in each car.

Gray Marine Sold

MUSKEGON (AP) — Gray Marine Engine Division of Continental Motors Corp., of Muskegon, was purchased by Charles F. Stokes of Coldwater and Bruce A. Wilson of Berkley, Calif., it was announced. The new firm, Graymarine Corp., will have headquarters at Coldwater and a branch operation at Berkley.

Incumbents Lose School Election

Two incumbent members of the Gladstone Board of Education were upset in bids for reelection Monday.

Clair Hoehn and Grant Hess were defeated in bids for four-year terms in a seven-candidate race.

Winning four year terms were Clifford D'Arcy and Dr. B. H. Skellenger. Hoehn and Hess ran fifth and sixth, respectively.

A total of 886 ballots were cast in one of the most highly contested school elections in recent years. The Board of Education has been criticized for its handling of the appointment of a new principal for the high school.

D'Arcy led all candidates, polling 379 votes. Skellenger had 349, followed by Gordon Marshall with 312, Edward Murphy with 302, Hoehn with 312, Hess with 109 and Mrs. Norma Jarvis with 101. The two new members of the Board of Education will be seated at the school board's reorganization meeting in the first week of July.

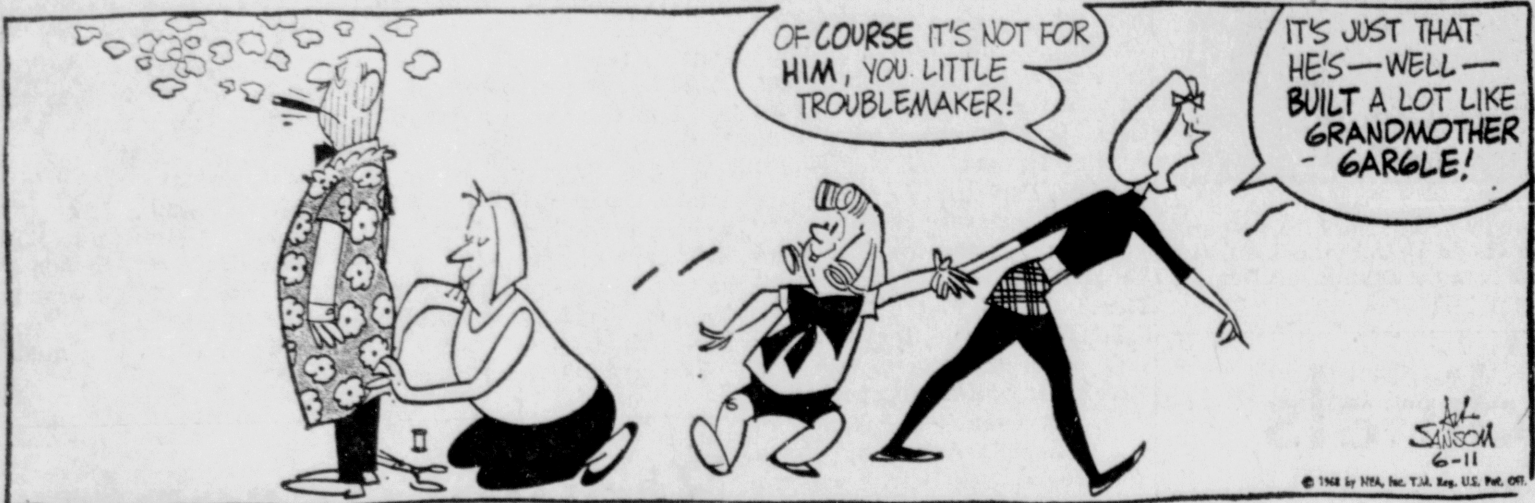

Electrical Danger

DETROIT (AP) — The Detroit Department of Buildings & Safety Engineering has warned against the dangers of using improperly grounded electrical appliances outdoors. Failures make sure that equipment such as hedge trimmers or power tools is grounded can result in electrocution, the department warned.

City Briefs

Det. Hal Creten, of Las Vegas, surprised his parents Mr. and Mrs. Isadore Creten, 15th St., when he stopped visit them while enroute to Milwaukee on business. He will Friday to return to Las Vegas.

## Quincy Hoist Is Now Tour Lure

HANCOCK (AP)—One of the largest steam hoists in the world, which has not been used since 1931, was opened Monday as a tourist attraction at the Quincy Mining Co. in the Upper Michigan town of Hancock.

The hoist, which was installed in 1930, weighs 1,765,000 pounds and once lifted 20,000 - pound carloads of copper ore at one time from a 6,310 - foot deep shaft.

Quincy discontinued its mining operations in the area in 1945.

## Homes Of Poor More Cages Than Castles

MUSKEGON HEIGHTS (AP)—"Man, our theme song could be 'Give me a home where the reaches don't roam,'" said the occupant of a two-room slum apartment in Muskegon Heights.

It was a typical complaint voiced by ghetto-dwellers throughout Michigan. Falling plaster, rats and a frequent lack of hot water are only a few of the problems faced by the urban poor.

To many Negroes living in the state's racial ghettos, home is more like a cage than a castle.

Some urban experts believe that rioters who set fire to their own neighborhoods are acting much like convicts rioting in a prison. In many cases, they are taking out their frustrations on the nearest targets around them.

Among Negroes who admitted they took part in Detroit's devastating riot last summer, the No. 1 complaint was overcrowded living conditions, according to a survey conducted by two University of Michigan researchers.

The study, taken for the Urban League in the two-week period after the riot, showed that crowded and substandard housing ranked near the top of the list of grievances among rioters and nonrioters alike.

The National Advisory Commission on Civil Disorders reported that nearly two-thirds of all nonwhite families living in the central cities today are in neighborhoods marked with substandard housing and general urban blight.

Michigan is no exception. Negroes have voiced complaints about housing conditions in nearly every city in the state.

From Bay City, where the non-white population represents less than two per cent of the residents, to Flint, with an estimated 25 per cent, there is general discontent over the housing situation.

While the recent approval of open housing ordinances in more than a dozen Michigan cities and by the State Legislature was welcomed by Negro leaders, the adoption of such laws is merely symbolic for most ghetto dwellers.

Under present conditions, they can't afford to live anywhere else.

The shortage of low-cost housing is critical in most cities.

In Detroit, there has been no public housing constructed since 1957, and privately constructed housing for the poor is all but nonexistent.

In other Michigan cities, progress generally has been described as painfully slow.

A spokesman for the Grand Rapids chapter of the National Association for the Advancement of Colored People (NAACP) complained recently that nothing tangible or visible had happened in that city's public housing picture in the past four years.

### Card of Thanks

#### Proehl

Our heartfelt appreciation to our friends, neighbors and relatives for their kindness and sympathy in our bereavement, the death of our beloved son, brother and grandson, Paul Proehl. We are grateful to Pastor T.H. Hoffman for his comforting words, Albert Vitzke for the singing of the hymns, Marlene Fowler for the organ selections, to all who sent spiritual bouquets, flowers, the donation of food, the many beautiful cards and booklets of sympathy we will always remember. To the pallbearers, Mr. and Mrs. John Skradski of the Skradski Funeral Home and to all those who helped in so many ways to lighten our burden of sorrow. We thank you all.

The Family of  
Paul Proehl

### In Memoriam

#### Dugener

In loving memory of our dear husband, father and grandfather, John Dugener who passed away 3 years ago, June 11, 1965.

Treasured thoughts of one so dear. Often bring a silent tear. Thoughts return to scenes long past. Time fails on but memory lasts.

Sadly missed by Wife,  
Children and Grandchildren

## News Embargo Gets Broken

NORFOLK, Va. (AP) — State Sen. Henry E. Howell Jr. of Norfolk revealed that he would announce June 15th his intention to seek the governorship of Virginia in 1969. But he didn't plan it that way.

A form letter was sent to labor organizations disclosing Howell's intentions. Across the top of the letter was the admonition: "Confidential, do not release to press."

One copy went to Hampton Roads Local 219, American Newspaper Guild.

## Tucker To Plan June 19 March

WASHINGTON (AP) — Sterling Tucker, director of the Washington Urban League, has agreed to organize a June 19 march in support of the Poor People's Campaign and promised efforts to keep it peaceful.

"We want to create not a climate of fear," Tucker said Sunday, "but a climate of concern."

He was invited by campaign leader Dr. Ralph David Abernathy to lead the march after veteran New York civil rights leader Bayard Rustin quit the job last week in a dispute with campaign leaders.

Tucker had worked closely with Rustin as Washington coordinator of the march.

He said the purpose of the march is "to give thousands of Americans who cannot participate in the daily activities of Resurrection City a chance to demonstrate their commitment to the Poor People's Campaign."

He refused to estimate how many would participate but said he hopes for a cross section of Americans "in such numbers that it will be clear that there are people who are concerned who are not poor."

ROAD HOG posed a problem for St. Louis, Mo., police who found the animal sitting nonchalantly in Interstate Highway 70. Patrolman Harold Johnson seems perplexed as to his next move. The hog, which fell off a truck on its way to market, was removed by the Humane Society.

## Security Moves Into Electronics

By JOHN CUNIFF

NEW YORK (AP) — The holdup man aimed his gun at the cashier and the cashier threw up his hands. This activated a radio transmitter hidden in a special belt the cashier was wearing.

Instantly a little computer, attached to a telephone elsewhere in the store, dialed the police. Seconds later a tape message related to the police the name and address of the store being robbed.

Next the computer dialed the telephones of nearby stores and

told their proprietors—again by activating a tape recording—to jot down a description of the robber and his vehicle as he left the store.

In this instance the thief was caught before reaching his automobile. Even if he had escaped, immediate apprehension the police still could have had a description, a license plate number and other identifying information.

Should the thief—or perhaps a dishonest employee—have slipped in while the store was closed he might have been picked up by radar waves that also would have activated the computer.

In fact, the devices that flood-

ed the room with radar waves might also have activated a camera that would have recorded every move of the intruder for playback later by security officers.

You'll seldom hear very much about these ingenious devices, mainly because too much publicity about a security product is guaranteed to reduce its effectiveness. But as crime and violence increase, so do the number and type of products to combat them.

Some of these items were shown to the trade recently at the International Security Conference, a gathering that impressed on the uninformed layman not so much the securi-

ty he could find in these items but, instead, the elaborate extremes that man must use today to protect himself from other men.

But the trend in security products now seems to be evolving away from those that meet force with force. Fortress-like strength, such as in old banks, loud alarms, violent weapons are giving way to silent, unseen electronic devices.

It might be said, in fact, that the business is growing up, maturing, becoming more sophisticated. More than one company in the field of security has had applied to it by securities analysts the tag of glamour stock."

## Weather Station 300 Miles At Sea

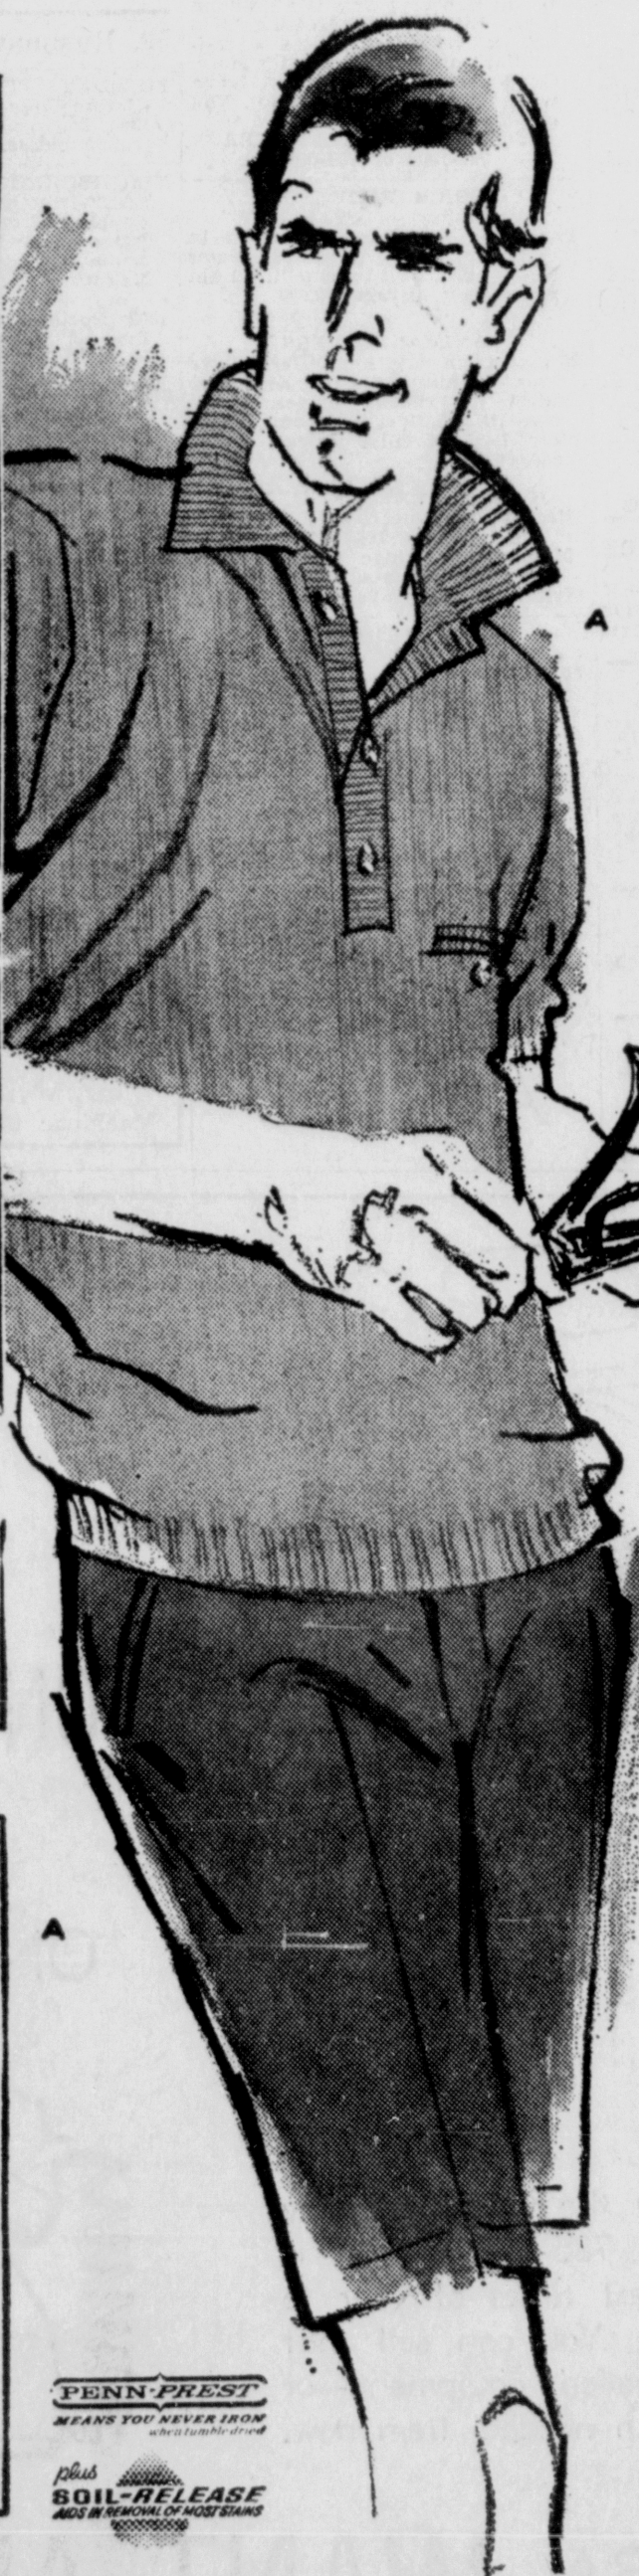

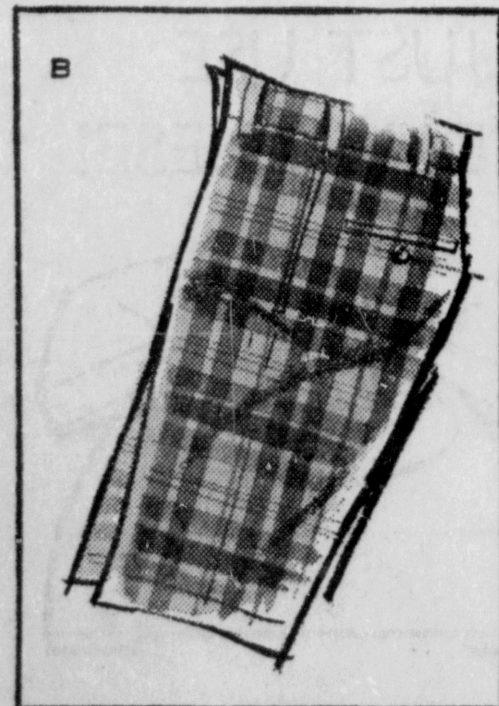

NEWPORT, Ore. (AP) — A weather station will be towed 300 miles out to sea this week and fastened to a peak that soars nearly 12,000 feet above the ocean floor.

Cobb Seamount, a towering underwater mountain, comes to within 100 feet of the surface due west of the Columbia River's mouth. The weather station that is to be anchored to the mountain's top is a steel cylinder whose upper end will stick into the air and send telegraphic weather reports back to land.
